**Conservative Party Attitudes to Jews, 1900-1950** Harry Defries, 2001 Argues that Jews were regarded by the Conservatives as different from true Englishmen and that there was prejudice exhibited against them at all levels of the party throughout 1900 50 The party was increasingly opposed to the influx of aliens between 1900 39 its anti immigration campaign was tinted with antisemitism The belief that Jews were conspiring to overthrow Christian civilization in particular the British Empire was a continuing undercurrent in Conservative thought In 1919 21 the Conservative press supported the myth of Jewish Bolshevism especially the Morning Post which propagated the Protocols of the Elders of Zion Contents that there were antisemitic motives behind the Balfour Declaration and the Conservatives inclination to support Zionism In the 1930s the party deplored Nazi policy toward the Jews which however had only a small influence on its stance toward immigration After World War II the Conservative attitude toward Jews and Zionists worsened due to the conflict in Palestine and the murder of Lord Moyne The British left and Zionism Paul Kelemen, 2018-02-28 The changes and divisions on the left over the Israel Palestine conflict forms the central theme of this archive based study While the Labour Party s supported establishing a Jewish state in Palestine as a modernising force the communist movement opposed it on the grounds that it facilitated imperial influence in the Middle East In 1947 however the British Communist Party rallied to the Zionist cause leaving the Palestinian cause with no effective protagonists in Britain The left s sympathy at the time was overwhelmingly with the Israeli state considering its establishment a recompense to the Jewish people for the Holocaust It was only after the 1967 Arab Israeli War and Israel s occupation of the West Bank and Gaza that the new left in Britain began to articulate a critical attitude to Israel and support for Palestinian nationalism It is a perspective which has gradually gained ground in the political mainstream **Britain, Germany and the Road to the Holocaust** Russell Wallis, 2014-02-21 In the 1930s the British public s emotional response to the atrocities of the Spanish Civil War including the bombing of Guernica shaped the mass politics of the age Similarly alleged German atrocities in World War I against the Belgians and the French had led to campaigns in Britain for donations to support the victims Why then was the British public seemingly less concerned with the treatment of Jews in Hitler s Germany Outlining a hierarchy of compassion Russell Wallis seeks to show how and why the Holocaust met initially with such a muted response in Britain Drawing on primary source material Wallis shows why the Nuremberg laws Kristallnacht and the creation of the Prague Ghetto were reported without great protest Even after the reality of the Final Solution was revealed to the British Parliament by Anthony Eden in 1942 the Holocaust remained a footnote to the war effort Britain Germany and the Road to the Holocaust is a study of the British relationship with Germany in the period and a dissection of British attitudes towards the genocide in Europe Britannia's Zealots, Volume I N.C. Fleming, 2018-10-18 Britannia s Zealots Volume I opens the first longitudinal study to examine the Conservative Right from the late 19th century to the present day British Conservatism has always contained a significant section fundamentally

opposed to progressive reform A permanent minority in Parliament dissident right wing Conservatives nevertheless had allies in the press and sympathy among grassroots party members enabling them to create crises in the media and at party meetings N C Fleming charts the evolution of reactionary politics from its preoccupation with the Protestant constitution to its fixation with the prestige and strength of Britain's global empire He examines the overlooked ways in which Conservative Right parliamentarians shaped their party's policies and propaganda in and out of office and their relationships with the press and ordinary activists He seeks to demonstrate that this influence could be circumscribing and on occasion highly disruptive with consequences which remain relevant for today's Conservative party Britannia's Zealots Volume I will be of great interest to academics and students of British history right wing politics imperialism and 20th century history *Index to Jewish Periodicals*, 2003 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests **The New Map of Asia (1900-1919)** Herbert Adams Gibbons, 1919 **American Book Publishing Record**, 2002 **The Pursuit of Power** Richard J. Evans, 2016-11-29 An Economist Best Book of the Year Sweeping an ambitious synthesis Evans writes with admirable narrative power and possesses a wonderful eye for local color Fascinating Stephen Schuker The Wall Street Journal From the bestselling author of *The Third Reich at War* a masterly account of Europe in the age of its global hegemony the latest volume in the Penguin History of Europe series Richard J Evans bestselling historian of Nazi Germany returns with a monumental new addition to the acclaimed Penguin History of Europe series covering the period from the fall of Napoleon to the outbreak of World War I Evans's gripping narrative ranges across a century of social and national conflicts from the revolutions of 1830 and 1848 to the unification of both Germany and Italy from the Russo Turkish wars to the Balkan upheavals that brought this era of relative peace and growing prosperity to an end Among the great themes it discusses are the decline of religious belief and the rise of secular science and medicine the journey of art music and literature from Romanticism to Modernism the replacement of old regime punishments by the modern prison the end of aristocratic domination and the emergence of industrial society and the dramatic struggle of feminists for women's equality and emancipation Uniting the era's broad ranging transformations was the pursuit of power in all segments of life from the banker striving for economic power to the serf seeking to escape the power of his landlord from the engineer asserting society's power over the environment to the psychiatrist attempting to exert science's power over human nature itself The first single volume history of the century this comprehensive and sweeping account gives the reader a magnificently human picture of Europe in the age when it dominated the rest of the globe **The Rise of Political Anti-semitism in Germany & Austria** Peter G.
