PRESS IN EIGHTEENTH-  
AND NINETEENTH-  
CENTURY AMERICA

*Edited by*  
Ronald Lora and William Henry Longton

# Conservative Press In Eighteenth And Nineteenth Century America

**Richard Buel**

## **Conservative Press In Eighteenth And Nineteenth Century America:**

*The Conservative Press in Eighteenth- and Nineteenth-Century America* Ronald Lora, William Henry Longton, 1999-08-30  
Selecting journals that speak for a very large number of topics addressed by the conservative press this volume profiles selected conservative journals published since 1787 The conservative press has scarcely spoken with a single voice whether the topics treated or even the time inhabited are the same or different Yet these journals testify to the persistent vigor and importance of conservatism Together they provide a focused survey of the history of American conservative thought from the late 18th Century to the late 19th Century Along with the companion volume covering the 20th Century conservative press the book provides an important resource on conservative thought in America Despite the disparities in conservative intellectual thought the journals covered even the more idiosyncratic and extreme are connected by their core values of conservatism The book is organized into sections reflecting these connections The first section covers journals associated with Federal Whig or in the Civil War era Northern Democratic political interests A later section includes journals sharing an attachment to Southern conservative values during the antebellum and Reconstruction periods Two sections deal respectively with 19th Century Orthodox Protestant periodicals and 19th Century Catholic and Episcopal journals and yet another section discusses journals united by a major focus on literary topics and cultural connections **Periodical**

**Literature in Eighteenth-century America** Mark Kamrath, Sharon M. Harris, 2005 Similar to the digital revolution of the last century the colonial and early national periods were a time of improved print technologies exploding information faster communications and a fundamental reinventing of publishing and media processes Between the early 1700s when periodical publications struggled and the late 1790s when print media surged ahead print culture was radically transformed by a liberal market economy innovative printing and papermaking techniques improved distribution processes and higher literacy rates meaning that information particularly in the form of newspapers and magazines was available more quickly and widely to people than ever before These changes generated new literary genres and new relationships between authors and their audiences The study of periodical literature and print culture in the eighteenth century has provided a more intimate view into the lives and tastes of early Americans as well as enabled researchers to further investigate a plethora of subjects and discourses having to do with the Atlantic world and the formation of an American republic *Periodical Literature in Eighteenth Century America* is a collection of essays that delves into many of these unique magazines and newspapers and their intersections as print media as well as into what these publications reveal about the cultural ideological and literary issues of the period the resulting research is interdisciplinary combining the fields of history literature and cultural studies The essays explore many evolving issues in an emerging America scientific inquiry race ethnicity gender and religious belief all found voice in various early periodicals The differences between the pre and post Revolutionary periodicals and performativity are discussed as are vital immigration class and settlement issues Political topics such as the emergence of democratic

institutions and dissent the formation of early parties and the development of regional national and transnational cultural identities are also covered Using digital databases and recent poststructural and cultural theories this book returns us to the periodicals archive and regenerates the ideological and discursive landscape of early American literature in provocative ways it will be of value to anyone interested in the crosscurrents of early American history book history and cultural studies Mark L Kamrath is associate professor of English at the University of Central Florida Sharon M Harris is Lorraine Sherley Professor of Literature at Texas Christian University Larry Schweikart Fouad Sabry,2024-02-07 Who is Larry Schweikart Larry Earl Schweikart is an American historian and retired professor of history at the University of Dayton During the 1980s and 1990s he authored numerous scholarly publications In recent years he has authored popular books including A Patriot s History of the United States 2004 and 48 Liberal Lies About American History According to professors Guy Burton and Ted Goertzel Schweikart and Allen are both history professors with distinguished publication records How you will benefit I Insights about the following Chapter 1 Larry Schweikart Chapter 2 Robert Peary Chapter 3 Panic of 1837 Chapter 4 American exceptionalism Chapter 5 Mugwumps Chapter 6 Regnery Publishing Chapter 7 Panic of 1857 Chapter 8 Danny Peary Chapter 9 Richard Weikart Chapter 10 Business history Chapter 11 Sentinel publisher Chapter 12 The Slave Community Chapter 13 A Patriot s History of the United States Chapter 14 Dave Richard Palmer Chapter 15 James R Whelan Chapter 16 Bibliography of conservatism in the United States Chapter 17 American business history Chapter 18 White Southerners Chapter 19 Jean Baptiste Abel Chapter 20 Lionel M Jacobs Chapter 21 Samuel W Mitcham Who this book is for Professionals undergraduate and graduate students enthusiasts hobbyists and those who want to go beyond basic knowledge or information about Larry Schweikart **The Routledge Handbook of Magazine Research** David Abrahamson,Marcia R. Prior-Miller,2015-06-05 Scholarly engagement with the magazine form has in the last two decades produced a substantial amount of valuable research Authored by leading academic authorities in the study of magazines the chapters in The Routledge Handbook of Magazine Research not only create an architecture to organize and archive the developing field of magazine research but also suggest new avenues of future investigation Each of 33 chapters surveys the last 20 years of scholarship in its subject area identifying the major research themes theoretical developments and interpretive breakthroughs Exploration of the digital challenges and opportunities which currently face the magazine world are woven throughout offering readers a deeper understanding of the magazine form as well as of the sociocultural realities it both mirrors and influences The book includes six sections Methodologies and structures presents theories and models for magazine research in an evolving global context Magazine publishing the people and the work introduces the roles and practices of those involved in the editorial and business sides of magazine publishing Magazines as textual communication surveys the field of contemporary magazines across a range of theoretical perspectives subjects genre and format questions Magazines as visual communication explores cover design photography illustrations and interactivity Pedagogical and

curricular perspectives offers insights on undergraduate and graduate teaching topics in magazine research The future of the magazine form speculates on the changing nature of magazine research via its environmental effects audience and transforming platforms *American Reference Books Annual* ,2001 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering *American Periodicals* ,1999

**Historical Dictionary of the Early American Republic** Richard Buel,2006-01-19 The formative period of the United States running roughly from 1789 to 1829 has become remote and perhaps overly idealized While the administrations of George Washington John Adams James Madison James Monroe and John Quincy Adams set the country on the path to modernity by resolving some nagging problems left over from the Revolution they failed to resolve many crucial issues such as slavery the treatment of Native Americans and the consequences of industrial development Despite many common goals the gentry's leadership was riven by sectional friction personal competition and partisan bickering that almost tore the nation apart during the War of 1812 The Historical Dictionary of the Early American Republic recounts the achievements and the failures the progress and the backsliding and the high and low points of our forefathers First traced in the chronology and then explained in the introduction the history of our nation's formative years is laid out in great detail The several hundred dictionary entries describe the more eminent persons the evolving institutions and the crucial events that our young country faced An extensive bibliography is included to provide easy access for further studies **The Conservative Press in Twentieth-Century America** Ronald Lora,William Henry Longton,1999-10-30 Including representative journals for the 20th and late 19th centuries this book profiles the most significant conservative journals of the past century From the rise of industrial capitalism when laissez faire conservatives praised bountiful America to the end of the Cold War these journals have covered a variety of topics from differing sometimes even contradictory points of view Yet they speak to the richness and comprehensiveness of the conservative press in America Together they provide a focused history of conservative thought in 20th Century America Along with the companion volume on the 18th and 19th Centuries the book provides a valuable resource for students of the conservative press in America Covering a variety of disparate journals the volume arranges them both chronologically and in sections reflecting the themes covered Politics individualism isolationism anti Communism the New Right neoconservatism and public policy are featured in four of the sections while journals examining the issues of religious conservatism appear in sections devoted to Orthodox Protestant and Catholic journals Yet another section focuses on journals dealing with literary and cultural topics The remaining sections examine libertarianism traditionalist perspectives and extreme right wing publications Each section is unified with an introductory essay exploring the connecting themes and issues Literary Research and the Era of American Nationalism and Romanticism Angela Courtney,2008 The early years of American nationhood beginning at the close of colonial rule and ending with the onset of the Civil War saw both a young country and its literature grow in confidence and develop an awareness of self identity Pride in the new nation was a primary

characteristic of much literary output in the early years of the country whether in the form of fiction poetry drama essay travel writing or journal As the country grew and generations began to be born on the new land Romanticism took hold lauding not only the construct of the nation but also the natural power and potential of the country This era of American literary expression has left behind a rich legacy of traditionally canonized authors as well as material published in the growing periodical press that was of immediate importance to the population at the time Literary Research and the Era of American Nationalism and Romanticism Strategies and Sources examines the resources that deal with the literature produced in the approximately 70 years of antebellum American literature Covering all formats the volume discusses bibliographies indexes research guides archives special collections microform and digital primary text resources and how they are best utilized for a literary research project Suggestions are offered for best practices for research while exploring a wide selection of resources that run the gamut from classic standards of American literary bibliography through contemporary open access digital resources

**The Best Books for Academic Libraries** ,2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers *Choice* ,2000 The Nineteenth Century and After ,1912 *Cumulated Index to the Books* ,1999 *Northwest Ohio Quarterly* ,1998 *Forthcoming Books* Rose Arny,1999-08 *Northwest Ohio History* ,1998 **Alternate Imperialisms in the Age of Manifest Destiny** Jake D.
