way it relates itself to other monotheist religions What do we really know about Islam More importantly what do those young Muslims who kill themselves and devastate the lives of others know about their religion Are they aware that suicide is considered to be a great sin in Islam And do they know that killing an innocent soul is an unforgivable crime in Islam Do they realize that hate preachers are promoting their own anomalous version of Islam The answers to those questions and more are methodically explored in this book Daily Report ,1988-05-02 *The Malayan Law Journal* Bashir Ahmad Mallal,2002

attracting educated youngsters immigrants students and converted Europeans to execute their hidden agenda The bombers of Madrid and London are not the radicals who travelled from the Middle East or Afghanistan to launch their terror actions they originate from Europe or mostly home grown In the future as it is today most of the Islamist terrorist threat to the United States will largely originate from Europe due to visa waiver As it is imagined the graduates of Middle Eastern madrassas who are functional idiots and can do little more than read the Koran will not travel to Europe or the US to launch their attacks Miami FL October 2009
