**Constitution-Making and the Labour Party** M. Evans, 2003-10-15 Since coming to power in 1997 the Labour government's programme of constitutional reform represents an historic challenge to both British constitutional doctrine and Labour Party orthodoxy Mark Evans examines the nature and extent of this challenge and argues that the New Constitutionalism is a key element of a policy agenda that in its most crucial aspects reflects the continuing transformation of the British industrial welfare state into a competition state Constitution Making and the Labour Party analyzes key areas of reform under the Blair government from the perspective of Labour Party history and contemporary policy analysis **The New Labour Constitution** Michael Gordon, Adam Tucker, 2022-02-10 The New Labour government first elected in 1997 had a defining influence on the development of the modern UK constitution This book combines legal and political perspectives to provide a unique assessment of the way in which this major programme of constitutional reform has changed the nature of the UK constitution The chapters written by leading experts in UK public law and politics analyse the impact and legacy of the New Labour reform programme some 20 years on from the 1997 general election and reveal the ways in which the UK constitution is now to a significant extent the New Labour constitution The book takes a broad approach to exploring the legacy of the New Labour years for the UK constitution The contributors evaluate a range of specific substantive reforms including on human rights devolution freedom of information and the judicial system changes to the process and method of constitutional reform under New Labour the impact on key institutions such as the judiciary and Parliament and a number of wider constitutional themes including national security administrative justice and the relationship between the Labour Party and constitutionalism The book also reflects on the future challenges for the constitution constructed by New Labour and the prospects for further constitutional reform In bringing together this range of perspectives to reflect on the implications of the New Labour era of reform this book offers a critical examination of a foundational period in the development of the contemporary UK constitution Deliberative Constitution-making Min Reuchamps, Yanina Welp, 2023-08-31 This book explains deliberative constitution making with a special focus on the connections between participation representation and legitimacy and provides a general overview of what the challenges and prospects of deliberative constitution making are today It seeks to provide a more complete picture of what is at stake as a political trend in various places in the world both theoretically and empirically grounded Distinctively the book studies not only established democracies and well known cases of deliberative constitution making but also such practices in authoritarian and less consolidated democratic settings and departs from a traditional institutional perspective to have a special focus on actors and in particular underrepresented groups This book is of key interest to scholars and students of deliberative democracy constitutional politics democratization and autocratization studies citizen participation and more broadly to comparative politics public administration social policy and law **Report of the ...
