The Framing and Ratification of the Constitution Leonard W. Levy, Dennis J. Mahoney, 2002-08 Spanning the critical years in Amer history from 1776 1789 this volume examines the Constitution CS from its British Colonial origins through the years when Americans struggled over the final shape of this founding document These years saw the 2nd Cont Cong the Revol y War finally the Constitutional Conv Includes 21 original essays written by historians political scientists bring to life the people politics issues conflicts controversies behind the creation of our CS Treating the framing ratification both chronologically topically this book provides a detailed account of the creation of our structure of gov t the emergence of an Amer theory practice of constitutionalism *Original Intent and the Framers' Constitution* Leonard Williams Levy, 2000 For more than two hundred years a debate has raged between those who believe that jurists should follow the original intentions of the Founding Fathers and those who argue that the Constitution is a living document subject to interpretation by each succeeding generation The controversy has flared anew in our own time as a facet of the battle between conservatives and liberals In *Original Intent and the Framers' Constitution* the distinguished constitutional scholar Leonard Levy cuts through the Gordian Knot of claim and counterclaim with an argument that is clear logical and compelling Rejecting the views of both left and right he evaluates the doctrine of original intent by examining the sources of constitutional law and landmark cases Finally he finds no evidence for grounding the law in original intent Judicial activism the constant reinterpretation of the Constitution he sees as inevitable Constitutional Conservatism Peter Berkowitz, 2013-09-01 Peter Berkowitz identifies the political principles social conservatives and libertarians share or should share and sketches the common ground on which they can and should join forces Drawing on the writings of Edmund Burke *The Federalist* and the high points of post World War II American conservatism he argues that the top political priority for social conservatives and libertarians should be to rally around the principles of liberty embodied in the US Constitution and pursue reform in light of them *The Framing and Ratification of the Constitution* Leonard Williams Levy, Dennis J. Mahoney, 1987 *Majority Rule Versus Consensus* James H. Utey, 1989-01-20 The essays in this volume consider the writings of those who drafted the Constitution as well as the arguments pro and con presented during the ratification debates The first of these essays examine the founding principles from historical political and philosophical perspectives The second group outlines the main Anti Federalist arguments A discussion of the nature and implications of the doctrine of separated powers follows and the volume closes with psycho historical portraits of Thomas Jefferson and John Adams The volume focuses attention on the Founding period so that the original character and principles of our political order may be seen clearly in spite of the glory and veneration with which age and custom have draped our
