Best Practice in Construction Disputes Paula Gerber, B. J. Ong, 2013 Analyses how conflicts on construction projects all too often escalate into costly and drawn out disputes It identifies strategies that parties can employ to ensure that conflicts are used to generate positive solutions to problems rather than escalating those problems into disputes Gerber and Ong Monash University *Analysis of Conflict Management and Dispute Resolution in the Construction Industry* Zayyad Mahmoud, Peter Fenn, Civil and Construction Engineering, 2002 *Dispute Resolution and Conflict Management in Construction* Peter F. Fenn, Michael O'Shea, Edward Davies, 1998 **Building in Value: Pre-Design Issues** Rick Best, Gerard de Valence, 2013-03-07 The concept of value in projects is a key issue for everyone involved in the construction industry Building in Value brings together many experts in the field to outline the wide range of tools techniques and procedures that can and should be used to make the building procurement phase as efficient as possible The authors go on to discuss how to ensure that future problems in the design and construction of the buildings are anticipated at the start and to minimise the likelihood of future hiccups Integrating strategic financial and construction management techniques this book provides an essential guide for construction professionals **Dispute Resolution Strategies for Construction Projects** D. Sean McCone, 2002 **Commercial Management of Projects** David Lowe, Roine Leiringer, 2008-04-15 This is the first book to establish a theoretical framework for commercial management It argues that managing the contractual and commercial issues of projects from project inception to completion is vital in linking operations at the project level and the multiple projects portfolios programmes level to the corporate core of a company The book focuses on commercial management within the context of project oriented organisations for example aerospace construction IT pharmaceutical and telecommunications in the private and public sectors By bringing together contributions from leading researchers and practitioners in commercial management it presents the state of the art in commercial management covering both current

research and best practice Commercial Management of Projects defining the discipline covers the external milieu competition culture procurement systems the corporate milieu corporate governance strategy marketing trust outsourcing the projects milieu management of uncertainty conflict management and dispute resolution performance measurement value management and the project milieu project governance contract management bidding purchasing logistics and supply cost value reconciliation Collectively the chapters constitute a step towards the creation of a body of knowledge and a research agenda for commercial management

Conflict Avoidance and Dispute Resolution in Construction, 2012 Workplace Strategies and Facilities Management Rick Best, Gerard de Valence, Craig Langston, 2007-08-22 This book provides comprehensive coverage of issues that facility managers in the property industry need to understand and apply in the pursuit of value for money over the life span of built facilities The authors introduce the fast growing discipline of facility management examine the core competencies that facility managers should possess and study different contemporary drivers of change The book emphasises the need to consider facilities management issues at the pre design stage of the construction process rather than only when the building is completed in order to maximise value for money
