Constructivism Origins And Evolution:

Constructivism George Rickey, 1968 Rickey traces the development of Constructivism through the thoughts of its founders from its origins in Russia in 1913 to its dispersion throughout Europe and its later manifestations in the United States Rickey's historical survey provides the background for a discussion of the heirs those artists who have given the movement its international status Photo essays illustrate the work of painters and sculptors who have transformed the inherited concepts into fresh interpretations Attention is focused not only on established artists but also on outstanding members of each succeeding generation Of special interest are the historical insights based on previously unpublished material from Naum Gabo a key figure in the formulation of Constructivist doctrines Rickey has also included illustrations and photographs of works of art thought to have been lost Highlights of significant events are outlined in a separate detailed chronology
