### **An Island in the Lake of Fire** Mark Taylor

Dalhouse,2012-02-01 The Religious Right s most dogmatic and resolute faction has its roots in three generations of the Bob Jones family of Greenville South Carolina An Island in the Lake of Fire is the first in depth history of this militantly separatist ultrafundamentalist dynasty to be written by an outsider with the Joneses cooperation Mark Taylor Dalhouse focuses on Bob Jones University BJU and the three colorful charismatic Jones patriarchs who in succession have led the school Founded in

1927 BJU has a student population of five thousand in addition it boasts thousands more loyal well placed alumni not only in pulpits and Christian day schools across the country but also in elective offices and major corporations Through their BJU network and by their vigilance as self appointed theological watchdogs the Joneses have since the 1950s played a pivotal role in defining the extreme limits of American religious and cultural conservatism Billy Graham and Jerry Falwell whom Bob Jones Jr labeled the most dangerous man in America are among the leading figures who have not measured up to BJU s fundamentalist standards The defining doctrine at BJU says Dalhouse is separation from secularism in the modern world Drawing on interviews with Bob Jones Jr Bob Jones III and others at BJU as well as on hitherto inaccessible archival sources at the school Dalhouse discusses the school s separatism in light of such factors as its refusal to seek accreditation and the stringent codes of dress conduct and even thought to which BJU students submit themselves Attuned to the ironies and contradictions of the Joneses separatist enterprise Dalhouse points to the high proportion of accounting and finance degrees awarded at BJU the school s widely admired cinema department which has a Cannes Film Festival award to its name and its nationally acclaimed Baroque and Renaissance art gallery Dalhouse also challenges some widely held impressions about BJU that have circulated among its detractors including assumptions about the regional makeup of the student body and about the prospects of BJU students to gain entry into graduate programs at other schools Filled with insights into the attitudes and personalities of the Joneses An Island in the Lake of Fire offers a unique window into their influential yet generally unrecognized place in right wing Christianity

**Christian Home Educators' Curriculum Manual** Cathy Duffy,1992      The Ministry of the Christian School Guidance Counselor James W. Deuink,1985 The purpose of this book is to help the reader recognize the importance of pupil personnel services in the Christian school and to provide assistance to those who will initiate such a program in their particular schools Pupil personnel services present a special problem to Christian school administrators Even the smallest school needs all the services we discuss in this volume However when the budget is limited many school officials are reluctant to hire an additional staff member Recognizing the problem a small school faces in providing proper personnel we have made a number of suggestions of ways to combine administrative duties with the traditional role of the counselor We have divided the various duties of the guidance counselor into three categories administrative counseling and clerical Not all of the counselor s activities lend themselves to these divisions but we have followed this approach in the interest of all readers including those who may not be familiar with the guidance aspect of education The first three chapters provide the foundation for the remainder of the book These three chapters along with Chapter 14 are addressed to the administrator and others responsible for the overall supervision of the school Chapters 4 through 13 provide instruction for the one responsible for carrying out the counselor s duties It is our conviction that the ministry of the local Christian school can be greatly enhanced by a well planned program of pupil personnel services We trust that you will give serious consideration to the ideas presented here
