language **Making Identity Matter** Robin Williams, 2000 Making Identity Matter provides a clear and lively critique of a variety of uses of the concept of identity within sociology and associated human sciences In the early chapters Robin Williams draws on a range of historical and contemporary sources to describe and discuss some common images of identity as subjective achievement as social location and as discursive effect In later chapters the author explores recent empirical studies which have argued for the suspension or modification of conventional theoretical assertions about how and why identity matters to human subjects in their ordinary lives Williams concludes by endorsing recent arguments for detailed descriptions of the ways in which identity matters arise and are dealt with within and through the accountability of social interaction Making Identity Matter will be essential reading for all those involved in the human sciences who are concerned to understand the significance accorded to identity within the wider effort to examine the relationship between subjectivity action and social and cultural institutions *British Popular Music and National Identity in the 1990s* Anja

Thümmeler, 2012-03-02 Thesis M A from the year 2004 in the subject English Language and Literature Studies Culture and Applied Geography grade 1 3 University of Leipzig language English abstract This thesis evaluates the relation between British popular music and national identity It concentrates on developments during the 1990s bringing together all three popular genres of pop music during that period indie rock dance music and black music Taking into account theoretical considerations on popular music this thesis applies theories of collective identities in general and national identity in particular to Nineties pop By analyzing an example of popular music media as well as selected music texts the discourses within popular music culture are being compared to general discourses on questions of national identity within Great Britain

Consuming Passion Carl Gardner, Julie Sheppard, 2012-08-09 Britain's high street revolution has made retailing one of the most important and dynamic sectors of the British economy in the last twenty years It has had an irreversible impact on our towns and cities and for many people transformed shopping from an unattractive domestic chore to a pleasurable leisure experience offering consumers an everchanging array of disposable dreams The resulting retail culture is everywhere it has colonised huge areas of our social life outside the traditional high street from sporting venues to arts centres from railway termini to museums Many see it as the epitome of Thatcher's Britain breeding acquisitive individualism and destroying our traditional manufacturing base Others see it as a potential saviour of an ailing economy Yet to date there has been no thorough analysis of this all pervasive phenomenon from its economic roots to its profound social effects In Consuming Passion Carl Gardner and Julie Sheppard have written the first overall study of the retail revolution a controversial and hard hitting look at where retailing has come from what it has achieved and where it is going Key issues such as the role of design

the growth of the supermarket and shopping centre and the poor conditions of retail employment are all minutely examined. The book also discusses the very real pleasures that consumers gain from today's enhanced shopping experience. The authors take an iconoclastic look at some of the powerful myths that have sprung up around retail: the death of the high street, the central role of credit retailing as a major creator of employment and the imminent possibility of retail saturation. A fascinating book for everyone who likes shopping and even those who hate it. First published 1989. **In the Twilight of Social Structures** Pekka Räsänen, 2003
