Contemplating Adultery:

Contemplating Adultery Lotte Hamburger, 1992-11-30 Victorian Women and the Economies of Travel, Translation and Culture, 1830-1870 Judith Johnston, 2016-02-24 Both travel and translation involve a type of journey one with literal and metaphorical dimensions Judith Johnston brings together these two richly resonant modes of getting from here to there as she explores their impact on culture with respect to the work of Victorian women Using the metaphor of the published journey whether it involves actual travel or translation Johnston focusses particularly on the relationships of various British women with continental Europe At the same time she sheds light on the possibility of appropriation and British imperial enhancement that such contact produces Johnston's book is in part devoted to case studies of women such as Sarah Austin Mary Busk Anna Jameson Charlotte Guest Jane Sinnett and Mary Howitt who are representative of women travellers translators and journalists during a period when women became increasingly robust participants in the publishing industry Whether they wrote about their own travels or translated the foreign language texts of other writers Johnston shows women were establishing themselves as actors in the broad business of culture In widening our understanding of the ways in which gender and modernity functioned in the early decades of the Victorian age Johnston's book makes a strong case for a greater appreciation of the contributions nineteenth century women made to what is termed the knowledge empire

Contemplating Adultery Lotte Hamburger, 2010-12-29 This is the passionate story of a true epistolary love affair between a Victorian lady and a German prince In the early 1830s an unhappily married Englishwoman falls in love with a man she has never met a German prince author of the bestseller that she is translating into English Using the German embassy couriers to carry their letters back and forth they correspond ever more audaciously right under the nose of her melancholy preoccupied husband Swept up by a storm of passion she writes in an unveiled way about her disappointment in marriage her hunger for affection intimacy and love Yet in reality she is anything but an unprincipled woman and since divorce is out of the question her thoughts turn to adultery This book reveals her dilemma in a fascinating and poignant journey into the mind and soul of a gifted woman who dared to circumvent the mores of the day *Scholars of the Law* Richard A. Cosgrove, 1996-04 Cosgrove's account begins with the emergence of the positivist belief that jurisprudence can solve the truly important social issues of the day and leads us through the gradual divorce of legal theory from legal history Legal theory in the twentieth century argues Cosgrove has become narrow and abstract irrelevant to the daily practice of the law Contemporary theory ever anxious to debunk elitism ironically has become elitist itself **The Gospel of Matthew** John Nolland, 2005-11-01 Having devoted the past ten years of his life to research for this major new work John Nolland gives us a commentary on the Gospel of Matthew that engages with a notable range of Matthean scholarship and offers fresh interpretations of the dominant Gospel in the history of the church Without neglecting the Gospel's sources or historical background Nolland places his central focus on the content and method of Matthew's story His work explores Matthew's

narrative technique and the inner logic of the unfolding text giving full weight to the Jewish character of the book and its differences from Mark's presentation of parallel material While finding it unlikely that the apostle Matthew himself composed the book Nolland does argue that Matthew's Gospel reflects the historical ministry of Jesus with considerable accuracy and he brings to the table new evidence for an early date of composition Including accurate translations based on the latest Greek text detailed verse by verse comments thorough bibliographies for each section and an array of insightful critical approaches Nolland's Gospel of Matthew will stimulate students preachers and scholars seeking to understand more fully Matthew's presentation of the gospel narrative
