Consider Your Call A Theology Of Monastic Life Today:

Consider Your Call Daniel Rees, 1980 *Understanding the Religious Priesthood* Christian, OSB Raab, Brian E., SJ Daley, 2020-10-14 Most contemporary theologies of Holy Orders consider priesthood mainly in its diocesan context and most contemporary theologies of religious life do not consider how ordained ministry functions when it is internal rather than external to religious life *Understanding the Religious Priesthood* provides a history and theology of religious priesthood that contributes to our understanding of this vocation's identity and mission It uncovers what religious priesthood shares with diocesan priesthood and non ordained religious life and what makes it different from both those other vocations Christian Raab begins by tracing the history of religious priesthood from its origins in the early Church to the eve of the Second Vatican Council He demonstrates that religious priests often faced questions about how to reconcile their two callings but that they also provided answers in their theologies and spiritualities of priesthood and religious life Meanwhile they made key contributions to the Church's life and mission Raab then investigates the teachings of the Second Vatican Council on priesthood and religious life Observing that the Council presented priesthood according to a diocesan typology and presented religious life without sacerdotal associations he argues that the lack of imagery of religious priesthood contributed to a post conciliar vocational identity crisis among religious priests He then seeks to remedy this lacuna by appealing to the biblical images for religious priesthood Hans Urs von Balthasar offered in his theology of vocations Raab argues that Balthasar's imagery is a promising way forward for understanding the identity and mission of religious priesthood In a final part Raab provides a substantial theological articulation of religious priesthood which illuminates its liturgical signification ecclesial mediation and mission and ministerial identity Here he draws not only from Balthasar but also from Pope John Paul II Yves Congar Jean Marie Tillard Brian Daley and Guy Mansini to construct his profile **The Story of Monasticism** Greg Peters, 2015-08-11 Some evangelicals perceive monasticism as a relic from the past a retreat from the world or a shirking of the call to the Great Commission At the same time contemporary evangelical spirituality desires historical Christian manifestations of the faith In this accessibly written book Greg Peters an expert in monastic studies who is a Benedictine oblate and spiritual director offers a historical survey of monasticism from its origins to current manifestations Peters recovers the riches of the monastic tradition for contemporary spiritual formation and devotional practice explaining why the monastic impulse is a valid and necessary manifestation of the Christian faith for today's church Becoming Apostolic Catherine Sexton, 2024-07-01 This book explores the experience and understanding of Roman Catholic sisters of their vocation to the apostolic form of religious life as they age Based on interviews with twelve religious women it draws on the practice of Lectio Divina to explore how these women describe their call to service and activity at a time in life when these might be curtailed by physical diminishment and increasingly reduced social interaction and influence As the very institutions of religious life are themselves under threat the book identifies new emerging forms of ministry through presence

to each other and to their carers **The Westminster Dictionary of Christian Theology** Alan Richardson, John Bowden, 1983-01-01 The Westminster Dictionary of Christian Theology is an important reference for any pastor scholar or student of theology The articles are clearly written historically informative and conceptually clarifying The entries are arranged alphabetically for ease of use The American Benedictine Review , 1990 **Living Bread, Saving Cup** R. Kevin Seasoltz, 1982 The articles on Eucharistic liturgy given here are reprinted from the pages of Worship magazine This expanded edition of the 1982 printing includes three additional essays Justice and the Eucharist by R Kevin Seasoltz O S B Stipends and Eucharistic Praxis by M Francis Mannion and Stipends in the New Code of Canon Law by John M Huels O S M

Monastic Quest and Interreligious Dialogue Gilbert G. Hardy, 1990 This work is a fascinating analysis of a timeless and timely topic It treats of the monastic fact both phenomenologically and philosophically reflecting on the contemporary role of monasticism in the acute issue of dialogue among major religions especially between Buddhism and Christianity Hardy s approach is refreshingly open to the challenge of religious pluralism at the same time it is conscientiously honest in stating the limits of dialogical discourse when it comes to religious truth claims Monastic Quest and Interreligious Dialogue is at once thought provoking sobering and inspiring **Theology** , 1979 **The Ampleforth Journal** , 1979 The Oxford Companion to Christian Thought Adrian Hastings, Alistair Mason, Hugh S. Pyper, 2000-12-21 Embracing the viewpoints of Catholic Protestant or Orthodox thinkers of conservatives liberals radicals and agnostics Christianity today is anything but monolithic or univocal In The Oxford Companion to Christian Thought general editor Adrian Hastings has tried to capture a sense of the great diversity of opinion that swirls about under the heading of Christian thought Indeed the 260 contributors who hail from twenty countries represent as wide a range of perspectives as possible Here is a comprehensive and authoritative though not dogmatic overview of the full spectrum of Christian thinking Within its 600 alphabetically arranged entries readers will find lengthy survey articles on the history of Christian thought on national and regional traditions and on various denominations from Anglican to Unitarian There is ample coverage of Eastern thought as well examining the Christian tradition in China Japan India and Africa The contributors examine major theological topics such as resurrection the Eucharist and grace as well as controversial issues such as homosexuality and abortion In addition short entries illuminate symbols such as water and wine and there are many profiles of leading theologians of non Christians who have deeply influenced Christian thinking including Aristotle and Plato and of literary figures such as Dante Milton and Tolstoy Most articles end with a list of suggested readings and the book features a large number of cross references The Oxford Companion to Christian Thought is an indispensable guide to one of the central strands of Western culture An essential volume for all Christians it is a thoughtful gift for the holidays The Practical and Theological Chapters ; And, Three Theological Discourses Saint Symeon (the New Theologian), 1982 *Thomas Merton and Asia* Alexander Lipski, 1983

Goad and Nail Ellen Rozanne Elder, 1985 **The Hermit Monks of Grandmont** Carole Hutchison, 1989 A study of the

history and lifestyle of the hermit monks of Grandmont before the French Revolution this book also features illustrations of their architecture **In the Unity of the Holy Spirit** Sighard Kleiner, 1989 Reflections on the relationship between the sons and daughters of Saint Benedict and the activity of the Spirit in the Church today The Venerable Bede Commentary on the Acts of the Apostles Saint Bede (the Venerable), 1989 *A Cloud of Witnesses* David N. Bell, 1989 First published in 1989 *A Cloud of Witnesses* has been completely rewritten to incorporate a multitude of minor amendments and a considerable amount of additional information Like the first edition it is intended as an introduction to the formative first five hundred years of the Christian theological tradition In these pages the opinions and personalities of the Fathers of the Church that emerge are presented against the intellectual social and political world of their times but since the book is only an introduction the author presents the development of Christian doctrine in a rather more logical and cohesive manner than was the case in reality **Athirst for God** Michael Casey, 1988 **Thomas Merton, Monk and Artist** Victor A. Kramer, 1987
