Why We Fight Mike Martin, 2018-05-03 Why are we willing to die for our countries How can ideology persuade someone to blow themselves up When we go to war morality religion and ideology often take the blame But Mike Martin boldly argues that the opposite is true rather than driving violence these things help to reduce it While we resort to ideas and values to justify or interpret warfare something else is really propelling us towards conflict our subconscious desires shaped by millions of years of evolution

Culturism John Kenneth Press, 2013-07 Culturism is the opposite of multiculturalism Multiculturalism says that western nations have no core culture our lands are just neutral spaces where random cultures assemble Culturism acknowledges that we have a core culture rooted in Athens and Jerusalem Culturism defies globalism Islamic nations and China do not believe in rights the relative separation of church and state democracy or free speech These are not universal values they are western values To protect them we must protect the West Like all other nations we have a right to have culturist economic and immigration policies Culturism disarms those who abuse the word racist in order to stop discussion Pointing out that different ethnic groups have different levels of economic and educational achievement is not racist it is culturist Culturist profiling is not racist Racism is stupid But if cultural diversity is real discussing cultural diversity is rational and necessary Neither inherently conservative nor liberal culturism argues against invading other nations to spread Western values to nations that do not want them It also argues for the right of our schools to teach culturist pro western curriculum Stop the corrosive spread of multiculturalism and politically correct censorship Spread the words culturism and culturist today
