## Constitution Of The Ussr:

*The New Constitution of the USSR* B. N. Topornin, 1980      *Constitution of the Soviet Union* J. V. Stalin, 2023-11-18 The Constitution of the Soviet Union authored by J V Stalin is a foundational document that encapsulates the legal and ideological framework of the Soviet state Written in a period of intense political transformation the text combines legalist prose with revolutionary fervor reflecting the ambitions of a socialist utopia It articulates the principles of socialist governance the rights of citizens and the structure of state institutions while also illuminating the tensions between theory and practice within a totalitarian regime The literary style is marked by a blend of didacticism and ideological assertion resonating with the socio political climate of the early 1930s as Stalin consolidated power J V Stalin a pivotal figure in the history of the Soviet Union was deeply influenced by Marxist Leninist ideology and the tumultuous history of revolutionary thought His leadership shaped the document s drafting as it was intended to propel the Soviet Union into the forefront of socialist governance Stalin s background as a revolutionary and administrator offered him unique insights into the aspirations and contradictions inherent in developing a revolutionary state making the constitution both a manifesto and a tool of political consolidation For scholars and readers interested in the intersection of law politics and ideology Stalin s Constitution of the Soviet Union is an essential text It not only informs our understanding of early Soviet governance but also serves as a historical lens through which one can examine the aspirations and realities of a regime that sought to reshape society Its significance extends beyond its immediate context offering valuable insights into the enduring legacy of constitutionalism in totalitarian regimes

**Constitutional Development in the USSR** Aryeh L. Unger, 2024-04-12 Constitutional Development in the USSR 1981 looks at the political institutions and practices of the Soviet state through the prism of its own constitutional texts It contains the texts of all four Soviet constitutions and a chapter of commentary precedes each text An overall assessment of Soviet constitutional development is offered in the concluding chapter      *Constitutional Government Today in Soviet Russia* Soviet Union, 1962

**Constitution (fundamental Law) of the Union of Soviet Socialist Republics** Central Executive Committee of the U.S.S.R. Constitutional Commission, 1936      On the Draft Constitution of the U.S.S.R. Joseph Stalin, 1950      The Fundamental Law (Constitution) of the U. S. S. R. Soviet Union, 1932

**Constitution of the USSR** M. Goncharuk, 1978      **The Soviet Constitution and the State Structure of the USSR.** , 1948\*      **The Constitutions of USSR & China** Vishnoo Bhagwan, Vidya Bhushan, 1985      *Constitution of the U.S.S.R.* South African Friends of the Soviet Union, 1942\*      **Stalin's Constitution** Samantha Lomb, 2017-11-09 Upon its adoption in December 1936 Soviet leaders hailed the new so called Stalin Constitution as the most democratic in the world Scholars have long scoffed at this claim noting that the mass repression of 1937 1938 that followed rendered it a hollow document This study does not address these competing claims but rather focuses on the six month long popular discussion of the draft Constitution which preceded its formal adoption in December 1936 Drawing on rich archival sources this book uses the

discussion of the draft 1936 Constitution to examine discourse between the central state leadership and citizens about the new Soviet social contract which delineated the roles the state and citizens should play in developing socialism. For the central leadership mobilizing its citizenry in a variety of state building campaigns was the main goal of the discussion of the draft Constitution. However, the goals of the central leadership at times stood in stark contrast with the people's expressed interpretation of that social contract. Citizens of the USSR focused on securing rights and privileges often related to improving their daily lives from the central government. **Soviet Constitutional Crisis** Robert S. Sharlet, 1992. Moving from the adoption of the post Stalin Constitution of 1977 through its subsequent implementation under Brezhnev, Andropov, and Chernenko to the radical legal restructuring of the Gorbachev years. Robert Sharlet traces the gradual evolution of a nascent constitutionalism in the erstwhile USSR. Sharlet, a noted authority on Soviet law and constitutional development, demonstrates the gradual transformation of law from an instrument of Communist Party rule into the new rules of the game for nonauthoritarian political development. In effect, he argues, one of Gorbachev's most durable achievements may be his redefinition of Soviet politics into a legal idiom along with his relocation of policymaking from behind the closed doors of Party conclaves into the more open emergent arena of constitutional government. In analyzing the politics of law from the Brezhnev era to the rise of Yeltsin, the author takes account of the war of laws, the symbolic uses of the Soviet constitution, and even the fact that the leaders of the failed coup attempted to justify their seizure of power on constitutional grounds. Constitutionalism has sufficiently suffused Soviet public life, the book concludes, that most of the sovereign republics as successors to the former USSR have begun designing their futures to varying degrees in constitutional forms.
