Constitutional Rights of Prisoners Naresh Kumar (LL. M.),1986 Constitutional Rights of Prisoners John W. Palmer,2014-09-19 This text details critical information on all aspects of prison litigation including information on trial and appeal conditions of isolated confinement access to the courts parole right to medical aid and liabilities of prison officials Highlighted topics include application of the Americans with Disabilities Act to prisons protection given to HIV positive inmates and actions of the Supreme Court and Congress to stem the flow of prison litigation Part II contains Judicial Decisions Relating to Part I **Prisoners' Rights** John A. Fliter,2001 Prisoners rights is an area of constitutional law that is often overlooked Combining an historical and strategic analysis this study describes the doctrinal development of the constitutional rights of prisoners from the pre Warren Court period through the current Rehnquist Court Like many provisions in the Bill of Rights the meaning of the Eighth Amendment s language on cruel and unusual punishment and the scope of prisoners rights have been influenced by prevailing public opinion interest group advocacy and most importantly the ideological values of the nine individuals who sit on the Supreme Court These variables are incorporated in a strategic analysis of judicial decision making in an attempt to understand the constitutional development of rights in this area Fliter examines dozens of cases spanning 50 years and provides a systematic analysis of strategic interaction on the Supreme Court His results support the notion that justices do not simply vote their policy preferences some seek to influence their colleagues and the broader legal community In many cases there was evidence of strategic interaction in the form of voting fluidity substantive opinion revisions dissents from denial of certiorari and lobbying to form a majority coalition The analysis reaches beyond death penalty cases and includes noncapital cases arising under the Eighth Amendment habeas corpus petitions conditions of confinement cases and due process claims **Constitutional Rights of Prisoners** John W. Palmer,1980 **Constitutional Rights of Prisoners** Edwin Powers,1983 After examining the changing role of the Federal courts in moving from a hands off policy with respect to prison administration to one of intervention the constitutional rights of prisoners are explained under the principles of first amendment rights due process of law cruel and unusual punishment equal protection of the laws unreasonable searches and seizures and slavery and involuntary servitude Fifteen representative excerpts from Federal court opinions illustrate the relationship between enforceable constitutional rights and the administrative management of penal institutions giving a general preview of how courts view the balance between what the Constitution may have intended and what prison administrators have in their discretion provided or withheld The excerpts mirror the types of deliberations recorded by the Federal judiciary in the 1970 s when confronted by litigation pertaining to the constitutional rights of prisoners A section is then devoted to judicial opinions on alleged unconstitutional conditions and practices in U S jails and prisons The issues covered are access to the courts rehabilitation pretrial detainees visiting privileges disciplinary hearings religion medical treatment intrastate transfers transfers to segregation and interstate
