of Dalits In India (Human Rights Sanjay Paswan,2002 Dalits or the downtrodden have been referred to in history as people
without history of their own which certainly is untrue and illogical notwithstanding the fact that they have been a
marginalised lot in their own land and treated as mere objects Even scholars and academics have treated them as subjects
for their research in social sciences anthropology and philanthropy Hence there are very few objective studies or works of
worth in this discipline This research based extensive comprehensive authentic and analytical series is a merited endeavour
in order to fill the gap The Encyclopaedia is divided into eleven volumes in a logical and issue based order with almost all
related and relevant issues covered extensively And that makes these volumes a must for all scholars and researchers
