

The background of the book cover is a collage of historical images. At the top left, there is a large, ornate building, likely a government or institutional structure. Below it, a group of people, possibly revolutionaries or workers, are depicted in a dynamic pose. In the center, a woman is shown holding a flag. To the right, there are industrial buildings with smokestacks. The overall color palette is muted, with shades of brown, grey, and blue.

Constructing Russian Culture In The Age Of Revolution 1881 194:

Constructing Russian Culture in the Age of Revolution, 1881-1940 Catriona Kelly, David G. Shepherd, 1998
Constructing Russian Culture offers a pioneering new account of the relationship between literature and other cultural forms in Late Imperial Russia and Revolutionary Russia. The general consensus in Western study of Russia and the Soviet Union has been that understanding of historical background is essential to the study of literature. But this consensus has so far failed to produce sophisticated overviews of the culture as a whole. Literary histories seldom venture outside a rigid canon of authors and literary groupings and the account of historical background sometimes amount to little more than a listing of certain predictable political and social factors that can be perceived to have influenced or impeded literary developments. This book is an ambitious attempt to recontextualize Russian literature and rethink the relations between literature and other cultural forms. The book examines a number of in Bourdieu's term cultural fields in late Imperial Russia: science and objectivity, national and personal identity, consumerism and commercial culture. There is also a keywords introduction explaining the evolution of concepts of the self, the nation and literariness in Russian culture and an Epilogue outlining the further history of the central themes after 1917. Contributors include leading specialists in Russian literature, cultural history and cultural theory from Britain, the USA and Russia. Intended as a companion to Russian Cultural Studies: An Introduction, also OUP, this stimulating original and controversial book will be a vital resource for all those interested in Russian culture during the age of Revolution.

A Companion to the Russian Revolution Daniel Orlovsky, 2020-10-19. A compendium of original essays and contemporary viewpoints on the 1917 Revolution. The Russian revolution of 1917 reverberated throughout an empire that covered one sixth of the world. It altered the geo-political landscape of not only Eurasia but of the entire globe. The impact of this immense event is still felt in the present day. The historiography of the last two decades has challenged conceptions of the 1917 revolution as a monolithic entity; the causes and meanings of revolution are many as is reflected in contemporary scholarship on the subject. *A Companion to the Russian Revolution* offers more than thirty original essays written by a team of respected scholars and historians of 20th century Russian history. Presenting a wide range of contemporary perspectives, the Companion discusses topics including the dynamics of violence in war and revolution, Russian political parties, the transformation of the Orthodox church, Bolshevism, Liberalism and more. Although primarily focused on 1917 itself and the singular Revolutionary experience in that year, this book also explores time periods such as the First Russian Revolution, early Soviet government, the Civil War period and even into the 1920s. Presents a wide range of original essays that discuss. Brings together in depth coverage of political history, party history, cultural history and new social approaches. Explores the long range causes, influence on early Soviet culture and global afterlife of the Russian Revolution. Offers broadly conceived contemporary views of the revolution, largely based on the author's original research. Links Russian revolutions to Russian Civil Wars as concepts. *A Companion to the Russian Revolution* is an important addition to modern

scholarship on the subject and a valuable resource for those interested in Russian Late Imperial or Soviet history as well as anyone interested in Revolution as a global phenomenon

Sanin Mikhail Artsybashev, 2018-10-18 It evoked almost unprecedented discussions like those at the time of Turgenev's *Fathers and Sons* Some praised the novel far more than it deserved others complained bitterly that it was a defamation of youth I may however without exaggeration assert that no one in Russia took the trouble to fathom the ideas of the novel The eulogies and condemnations are equally one sided Thus did Mikhail Artsybashev 1878-1927 whose novels and short stories are suffused with themes of sex suicide and murder describe the reaction to publication in 1907 of *Sanin* his second novel The work provoked heated debates among the Russian reading public and the journal in which it was published serially was soon closed down by the authorities The hero of Artsybashev's novel exhibits a set of new values to be contrasted with the morality of the older Russian intelligentsia *Sanin* is an attractive clever powerful life loving man who is at the same time an amoral and carnal animal bored both by politics and by religion During the novel he lusts after his own sister but defends her when she is betrayed by an arrogant officer he deflowers an innocent but willing virgin and encourages a Jewish friend to end his self doubts by committing suicide *Sanin*'s extreme individualism greatly appealed to young people in Russia during the twilight years of the Romanov regime *Saninism* was marked by sensualism self gratification and self destruction and gained in credibility in an atmosphere of moral and spiritual despondency Artsybashev drew upon a wide range of sources for his inspiration *Sanin* owes debts to Dostoevsky's *Notes from Underground* Nietzsche's notion of the superman and the work of the individualist anarchist philosopher Johann Kaspar Schmidt Michael R Katz's translation of this controversial novel is the first into English in almost seventy years Russian pornography is not plain pornography such as the French and Germans produce but pornography with ideas Kornei Chukovsky Those who saw in the much discussed novel only suggestive scenes shocking their morality or titillating their senses were mistaken it was as usual in Russia a book with a message and *Sanin* slept with all his mistresses to prove a thesis rather than to obey a natural urge Marc Slonim

Renovating Russia Daniel Beer, 2018-07-05

Renovating Russia is a richly comparative investigation of late Imperial and early Soviet medico scientific theories of moral and social disorder Daniel Beer argues that in the late Imperial years liberal psychiatrists psychologists and criminologists grappled with an intractable dilemma They sought to renovate Russia to forge a modern enlightened society governed by the rule of law but they feared the backwardness irrationality and violent potential of the Russian masses Situating their studies of degeneration crime mental illness and crowd psychology in a pan European context Beer shows how liberals fears of societal catastrophe were only heightened by the effects of industrial modernization and the rise of mass politics In the wake of the orgy of violence that swept the Empire in the 1905 Revolution these intellectual elites increasingly put their faith in coercive programs of scientific social engineering Their theories survived liberalism's political defeat in 1917 and meshed

with the Bolsheviks radical project for social transformation They came to sanction the application of violent transformative measures against entire classes culminating in the waves of state repression that accompanied forced industrialization and collectivization Renovating Russia thus offers a powerful revisionist challenge to established views of the fate of liberalism in the Russian Revolution

Performing Femininity Rachel Morley, 2016-12-15 Oriental dancers ballerinas actresses and opera singers the figure of the female performer is ubiquitous in the cinema of pre Revolutionary Russia From the first feature film Romashkov s Stenka Razin 1908 through the sophisticated melodramas of the 1910s to Viskovsky s The Last Tango 1918 made shortly before the pre Revolutionary film industry was dismantled by the new Soviet government the female performer remains central In this groundbreaking new study Rachel Morley argues that early Russian film makers used the character of the female performer to explore key contemporary concerns from changing conceptions of femininity and the emergence of the so called New Woman to broader questions concerning gender identity Morley also reveals that the film makers repeatedly used this archetype of femininity to experiment with cinematic technology and develop a specific cinematic language *Russia in a Box : the Production of Russian and Socialist Identity, 1814-2001* Andrew Leslie Jenks, 2002

Russian Cultural Studies Catriona Kelly, 1998 Intended as a companion to Constructing Russian Culture in the Age of Revolution 1881 1940 also published by OUP and covering a later period until the present day this stimulating original and controversial book will not only be a vital resource for university courses on Russian culture at undergraduate and postgraduate level but essential reading for all those interested in Russian culture in the Soviet and post Soviet periods In a wide ranging account of a variety of cultural forms and sites of cultural production literature cinema radio television the visual arts journalism advertising and consumerism music theatre the Church the book sets out to give greater prominence to the processes of cultural reception than in previous texts The book highlights the role images of national identity gender politics youth culture and the interaction of public and private consciousness have played in the formation of cultural forms in the USSR and post communist Russia Drawing extensively but critically on the theoretical agenda of contemporary cultural studies the book challenges the top down model according to which cultural production is determined principally by its relationship to high politics and political institutions Contributors include leading specialists in Russian literature cultural history and cultural theory from Britain the USA and Russia and the text is liberally illustrated with picture features and includes a chronology of events and suggestions for further reading with each section

Russian Nationalism since 1856 Astrid S. Tuminez, 2000-08-23 Many scholars and analysts see Russian nationalism as a dangerous force but is widespread concern about the malevolent effects of Russian nationalism especially on foreign policy

justified What is the record of nation building in Russia and how did nationalism evolve in the multiethnic Russian empire What variants of nationalist ideology have been propagated in Russia and what are their benign or aggressive implications for foreign policy What triggers the articulation of aggressive nationalism and what factors facilitate its influence on Russian foreign policy What Western actions might help or hinder the impact of aggressive nationalism on Russian international behavior This thoughtful book answers these questions by exploring the range of nationalist ideas that have been propagated in Russia since 1856 Drawing on a wide range of archival documents and unparalleled interview material from the post Soviet period Astrid S Tuminez analyzes two cases Russian panslavism in 1856 1878 and great power nationalism in 1905 1914 when aggressive nationalist ideas clearly influenced Russian foreign policy and contributed to decisions to go to war Yet not all forms of nationalism have been malevolent and the author assesses competing nationalist ideologies in the post Soviet period to clarify the conditions under which a particularly belligerent nationalism could flourish and influence Russian international behavior With its implications for U S Russian relations this study will be essential reading for policymakers and Russia scholars alike
