## Constructing Postmodernism:

*Constructing Postmodernism* Brian McHale, 2012-11-12 Brian McHale provides a series of readings of a wide range of postmodernist fiction from Eco's Foucault's Pendulum to the works of cyberpunk science fiction relating the works to aspects of postmodern popular culture [The Cambridge Introduction to Postmodernism](#) Brian McHale, 2015-06-26 This

Introduction surveys the full spectrum of postmodern culture from architecture and visual art to fiction poetry and drama

[Beyond Postmodernism](#) Klaus Stierstorfer, 2003 After the veritable hype concerning postmodernism in the 1980s and early 1990s when questions about when it began what it means and which texts it comprises were apt to trigger heated discussions the excitement has notably cooled down at the turn of the century Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts theoretical premises and authorial practices Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm but deal with them in ways that promise new openings or a new Zeitgeist *The Fiction of Postmodernity* Stephen Baker, 2000-06-07 The

Fiction of Postmodernity is a significant and accessible study of the relation of postmodern fiction to theories of the postmodern Contemporary works of fiction by novelists such as Don DeLillo Toni Morrison Salman Rushdie Thomas Pynchon and Martin Amis are viewed in relation to critiques of the culture industry analyses of the postmodern condition and theories of simulacra The work of influential theorists of the postmodern such as Theodor Adorno Jean Fran ois Lyotard Fredric Jameson and Jean Baudrillard is explained and compared The book offers descriptions of the postmodern from both the Marxist critical tradition and from the perspective of postmarxism Key features in both these definitions are explained in relation to modernist and postmodern works of fiction Issues relating to the postmodern representation of history and the development of a postmodern politics are also addressed in relation to works of contemporary fiction **Thomas Pynchon**

Simon Malpas, Andrew Taylor, 2015-08-01 Now available in paperback this is a comprehensive study of the most influential figure in postwar American literature Over a writing career spanning more than fifty years Thomas Pynchon has been at the forefront of America's engagement with postmodern literary possibilities In chapters that address the full range of Pynchon's career from his earliest short stories and first novel V to his most recent work this book offers highly accessible and detailed readings of a writer whose work is indispensable to understanding how the American novel has met the challenges of postmodernity The authors discuss Pynchon's relationship to literary history his engagement with discourses of science and utopianism his interrogation of imperialism and his preoccupation with the paranoid sensibility Invaluable to Pynchon scholars and to everyone working in the field of contemporary American fiction this study explores how Pynchon's complex narratives work both as exuberant examples of formal experimentation and as serious interventions in the political health of

the nation *The Gamefulness of American Postmodernism* Steven D. Scott, 2000 Game provides limits boundaries and borders to play thereby both limiting and paradoxically enabling meaningful play This study does not claim that literature is a game in the strong sense it chooses instead to concentrate on the gamelike shape the gamefulness that literary postmodernism assumes *Return to Postmodernism* Klaus Stierstorfer, 2005 **Beginning Postmodernism** Tim Woods, 2009 Postmodernism became the buzzword of contemporary society in the 1990s Yet even now it still remains confusing and baffling in its variety of definitions contexts and associations Beginning Postmodernism aims to offer clear accessible and step by step introductions to postmodernism across a wide range of subjects It encourages readers to explore how the debates about postmodernism have emerged from basic philosophical and cultural ideas and to develop comparative connections and ideas from one area to another With its emphasis firmly on postmodernism in practice the book contains questions designed to help readers understand and reflect upon a variety of positions within the following areas of contemporary culture philosophy and cultural theory architecture and concepts of space visual art sculpture and material culture popular culture and music film video and television and the social sciences **Postmodernist Fiction** Brian McHale, 1987 Postmodernism is not a found object but a manufactured artifact Beginning from this constructivist premise Brian McHale develops a series of readings of problematically postmodernist novels Joyce s *Ulysses* Pynchon s *Gravity s Rainbow* and *Vineland* Eco s *The Name of the Rose* and Foucault s *Pendulum* the novels of Joseph McElroy and Christine Brooke Rose avant garde works such as Kathy Acker s *Empire of the Senseless* and the works of cyberpunk science fiction by William Gibson Bruce Sterling Lewis Shiner Rudy Rucker and others Although mainly focused on high or elite cultural products art novels Constructing Postmodernism relates these products to such phenomena of postmodern popular culture as television and the cinema paranoia and nuclear apocalypse angelology and the cybernetic interface and death now as always in spite of what Captain Kirk says the true Final Frontier McHale s previous book *Postmodernist Fiction* had seemed to propose a single all inclusive inventory of postmodernist poetics This book by contrast proposes multiple overlapping and interesting inventories not a construction of postmodernism but a plurality of constructions Publisher **The Postmodern Fantastic in Contemporary British Fiction** Martin Horstkotte, 2004 This study looks at the complex relationship between postmodernism and the fantastic in contemporary British fiction and shows that a new type of the fantastic arises in postmodernism Arguing against interpretations that view postmodernism as inherently fantastic it seeks to define the postmodern fantastic as a narrative mode that is influenced by certain traits both of the traditional fantastic and of literary postmodernism but does not simply conflate both In the first theoretical part a number of theories of the fantastic and of postmodernism are used to set the fantastic apart from other non mimetic forms of literature and to create a model of the postmodern fantastic that postulates the totalisation of the fantastic in postmodernism In the second part of this study this model is applied to a number of contemporary British texts which are particularly susceptible to this form of the fantastic due

to several characteristics such as their muted kind of postmodernism and their frequent construction of parallel worlds The analysis of these texts focuses on four thematic fields of the postmodern fantastic the figure of the other as defined by Bernhard Waldenfels time and history text and textuality and the development of the Todorovian pure fantastic Finally the question of the death of the fantastic in postmodernism is examined *The Cambridge History of Postmodern Literature* Brian McHale, Len Platt, 2016-03-22 The Cambridge History of Postmodern Literature offers a comprehensive survey of the field from its emergence in the mid twentieth century to the present day It offers an unparalleled examination of all facets of postmodern writing that helps readers to understand how fiction and poetry literary criticism feminist theory mass media and the visual and fine arts have characterized the historical development of postmodernism Covering subjects from the Cold War and countercultures to the Latin American Boom and magic realism this History traces the genealogy of a literary tradition while remaining grounded in current scholarship It also presents new critical approaches to postmodern literature that will serve the needs of students and specialists alike Written by a host of leading scholars this History will not only engage readers in contemporary debates but also serve as a definitive reference for years to come **Ezra Pound's (post)modern Poetics and Politics** Roxana Preda, 2001 Ezra Pound the poet called the contemporary of our grandchildren has exercised enormous influence on the development of American poetry and criticism This impact on the world of letters is only grudgingly acknowledged today since it comes from a poet tainted by fascism and anti-Semitism This book follows the contours of our love for his poetics and hate for his politics juxtaposing Pound's work to postmodern theory The contrasts prevail in the relation of language to reality in the moral and political commitments and in the vision of history At the same time Pound's poetic practices particularly his collage techniques and series of Englishes overflowed his political ideology It is this overflow that makes him so fascinating to intellectuals and the main reason we study his work with respect now

**Trauma, Postmodernism and the Aftermath of World War II** Paul Crosthwaite, 2009-01-29 The radical postmodernist waves of experimentation that swept Anglo American fiction from the late 1960s constitute a delayed response to the upheavals of the Second World War yet the legacy of the war barely figures in prevalent accounts of the postmodernist movement As Paul Crosthwaite shows in this provocative book to recognize the significance of the war in contemporary culture is to acknowledge that postmodernism as a sensibility aesthetic style and mode of thought must be entirely reconceived Challenging dominant theorizations of the postmodern as depthless and dehistoricized Crosthwaite demonstrates that postmodernism has not abandoned history but has rather reformulated it in terms of trauma trauma that is traceable time and again to the catastrophes of the 1940s The book stages a revealing confrontation between influential theories of trauma and postmodernism and offers innovative close readings of key texts by Virginia Woolf Thomas Pynchon Michael Moorcock J G Ballard Richard Powers and Ian McEwan **Postmodern Studies**, 2004 **The Continuum Encyclopedia of Modern Criticism and Theory** Julian Wolfreys, Ruth Robbins, Kenneth Womack, Kara Kalenius, 2002-04-10

The Continuum Encyclopedia of Modern Criticism and Theory offers the student of literary and cultural studies a comprehensive single volume guide to the history and development of criticism in the humanities as the twenty first century opens. While emphasizing the theory and practice of literary and cultural criticism, it provides extensive coverage of related and contextual discourses as well as critical overviews of the work and reception of major figures responsible directly or indirectly for the development of those discourses in the now related areas of philosophy, poetics, politics, aesthetics, linguistics and psychoanalysis.
