Constructing School Success The Consequences Of Untracking Low Achieving Students:

Constructing School Success Hugh Mehan, 1996-05-31 How can we bolster the academic success of low achieving students and provide a more egalitarian classroom setting This book describes the process of untracking an educational reform effort that has prepared students from low income linguistic and ethnic minority backgrounds for college Untracking offers all students the same academically demanding curriculum while varying the amount of institutional support they receive Helpful institutional scaffolds teach the hidden curriculum of the school allowing students to develop an academic identity and build bridges between high school and college There have been many plans and attempts to reform schools but few detailed investigations of such efforts This book is a highly readable account of a successful school reform effort It provides systematic research results concerning the educational and social consequences of untracking previously low achieving students [Constructing School Success... Cole, 2008 This revised and expanded 2nd edition of *Educating Everybody's Children* provides educators with research proven instructional strategies to meet the varying needs of students from economically ethnically culturally and linguistically diverse backgrounds [The Tracking Wars](#) Tom Loveless, 2011-10-01 In the 1980s a nationwide reform movement sprang up in opposition to tracking the controversial practice of schools grouping students by ability and organizing curriculum by level of difficulty Officials in two states Massachusetts and California adopted policies urging middle schools to reduce or abandon tracking In this book Tom Loveless describes how schools reacted to these recommendations and discusses why some schools went along with detracking while others bitterly resisted the reform Loveless explains that the state policies were adopted without strict mandates financial incentives legal threats or new bureaucratic structures They were also adopted without convincing evidence that detracking brings lasting benefits to students But advocates framed tracking reform as a policy supporting greater educational equity In response urban schools low achieving schools and schools serving disadvantaged children have reacted sympathetically to the reform Suburban schools high achieving schools and schools serving wealthier families have been less willing to detrack Drawing on extensive survey and case study data Loveless concludes that this reform's fate is in the hands of local decisionmakers Schools formulate tracking policy based on their own institutional organizational political and technical considerations All school reform entails risks One troubling implication of this study is that the risks of detracking are being assumed by schools with some of society's most vulnerable youngsters **Resources in Education** , 1997 *From Here to University* Alexander Jun, 2001 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company **Raising Minority Academic Achievement** Donna Walker James, 2001 **The Academic Achievement of Minority Students** Sheila T.
