Making Contact Kathleen Marden,Denise Stoner,2014-12-15 Although often dismissed as the stuff of tabloids there are those who maintain that alien abduction is a real danger that many on Earth have already faced In this volume two dedicated UFO researchers partner up to present the mysterious alien encounters experienced by their families and others like them pointing to gaps in government reporting and highlighting as yet unexplained phenomena related to their experiences The authors encourage readers to keep an open mind as they seek to dispel the skepticism and stigma surrounding the reporting of such incidences while encouraging others to share their stories Conspiracy Nation Peter Knight,2002-02 An intriguing interrogation of America s long running obsession with conspiracy theories Why are Americans today so fascinated by Area 51 How did rumors that the AIDS virus originated as a weapon of biowarfare emerge Why does the Kennedy assassination provoke heated debate over fifty years after the fact and why did Donald Trump s birther theories only serve to increase his popularity with voters The origins of these ideas reveal important facets of American culture and politics Placing conspiracy thinking at the center of American history and challenging the knee jerk dismissal of conspiratorial thought as deluded and often dangerous Conspiracy Nation provides a wide ranging survey of conspiracy theories in contemporary America In the

19th century inflammatory rhetoric about slave revolts the well publicized specter of the black rapist and the formation of the Ku Klux Klan all worked as conspiracy theories to legitimate an emerging sense of national consciousness based on an ideology of white supremacy one that still persists today In our contemporary world panicked responses to increasing multiculturalism and globalization yield new notions of victimhood and new theories about conspiratorial plans for global domination Offering up a provocative array of examples ranging from alien abduction to the novels of DeLillo and Pynchon to Tupac Shakur s paranoid style Conspiracy Nation documents and unearths the workings of conspiracy in the contemporary moment Contributors Clare Birchall Jack Bratich Bridget Brown Jodi Dean Ingrid Walker Fields Douglas Kellner Peter Knight Fran Mason John A McClure Timothy Melley Eithne Quinn and Skip Willman *UFOs and Abductions* David Michael Jacobs,2000 Examining the nature of UFO evidence the authors present a primer for scholars skeptics and others uneasy about investigating the field of UFOs The volume also brings together three bestselling authors David M Jacobs Budd Hopkins and Pulitzer Prize winner John Mack widely known for their writings on the controversial alien abduction phenomenon *What Lies beyond Faith* Jamarr Holland,2020-11-30 What happens when you dig below the surface of several beliefs When you compare it to that of your own what will you find What happens when you take those different belief systems practices backgrounds and histories and place them side by side What types of truths will unfold before your eyes What is truth when you are faced with what lies beyond faith **Alien Abductions** Peter Brookesmith,1998 Since the late 1980s more and more people in the Americas and in Europe have come to believe they have been forcibly abducted by alien beings taken on board their spacecraft and subjected to a range of distressing indignities **Transparency and Conspiracy** Harry G.
