Christian Contemplation Joseph H. Nguyen SJ, 2020-12-02 Spiritual practitioners and experts across religious traditions are convinced that contemplation cultivates an awareness of the deeper desires of the human heart But many will ask does contemplation still exist If one has been led to believe that there indeed exists the art of contemplation one will still perhaps wonder what it is and whether or not it is still relevant and applicable today For many the term contemplation itself perhaps connotes a sense of an exotic practice from a distant past unrelated and impractical to the contemporary life In this book the author explores the nature and functions of Christian contemplation and offers the reader a wide variety of contemplative prayer methods that can help cultivate an awareness of the spiritual dimension of the human life The author argues that Christian contemplation is the work of the Holy Spirit While drawing upon a variety of Christian traditions the author bases his discussion on the Jesuit tradition of prayer discernment and spiritual growth as revealed in the Spiritual Exercises of St Ignatius
