**Profit From Obvious Problems Nobody Solves. Market Gaps That Beg For Solutions** Ahmed Musa ,2025-05-30 Every day people complain They rant they struggle they Google they give up They're staring at obvious problems begging for solutions And guess what Nobody's solving them Profit From Obvious Problems Nobody Solves shows you how to stop chasing saturated trends and start printing money by noticing what everyone else ignores This isn't about being a genius It's about being awake Tuned in Sharper than the average noise blind business owner Inside you'll learn How to identify real world low hanging profit gaps in your industry or niche The Complaint to Cash method that turns pain points into paydays How to test package and sell unsexy but urgent solutions people are dying for Why the best business ideas aren't on trend

they're hidden in plain sight. Want an edge in any market? Stop overcomplicating. Start solving what people are already frustrated about. This book is your unfair advantage to spot, fill, and monetize what others overlook. Read it and become the one who finally gives the market what it's screaming for. Digital Management and Artificial Intelligence Richard C. Geibel, 2025. Zusammenfassung: This book presents selected contributions from the Fourth International Scientific Practical Conference ISPC 2024 held on October 10-11, 2024, organized by IU International University, East European University, Adelphi University, and the E-Commerce Institute, with contributions from Asia, Africa, Europe, and the USA. It discusses the challenges and opportunities of digital transformation and AI in different industries and introduces advanced research and solutions from both academic and professional perspectives. The topics covered include artificial intelligence, digitalization in healthcare, legal systems, corporate responsibility, e-commerce, digital entrepreneurship, and digital transformation in education. One key topic is social commerce, including live shopping as a blend of social media and e-commerce. The interaction between digitalization and sustainability is also explored. The growing influence of artificial intelligence in the financial sector is examined as well. Additionally, investigations into the impact of digitalization on the education sector and the labor market are included. All studies focus on the unique opportunities presented by digitalization and describe how these new potentials can be translated into concrete benefits. The book is an engaging read for researchers and professionals interested in digital management, one of the most significant developments of recent times. Management, Tourism and Smart Technologies Álvaro Rocha, Carlos Montenegro, Elisabeth T. Pereira, José A. M. Victor, Waldo Ibarra, 2025-01-01.
