Create Your Own Million Dollar Podcast Horace Harriott, 2025-08-11 Here's the truth podcasting does not have to be expensive. In fact some of the most popular and beloved podcasts were born in kitchens, closets, and cars, recorded with nothing but a cheap microphone, a laptop, and a stubborn passion for sharing an idea. That's what this book is about: breaking the myth that you need a professional studio or a big budget to create something worth listening to. I'm going to show you how to start a podcast for less than the cost of a decent pair of shoes and make it sound like you spent hundreds. You'll learn exactly what gear you really need and what's just marketing hype, which free and low-cost tools work best for recording and editing, and how to make the most of the space you already have, whether that's your bedroom, your garage, or the corner of a coffee shop.
