[Building a Brand for Nerds Guide Book](#) Matt Kingsley, Let s be brutally honest You re smart You think logically You probably see patterns and systems where others see chaos And because of that you likely suspect that 90% of the social media marketing advice out there is complete unadulterated bullshit You re tired of the gurus shouting about passion and authenticity while offering zero repeatable process You re sick of chasing fleeting trends praying to algorithm gods and dumping time and money into strategies based on hope instead of math You see people celebrating vanity metrics likes followers that don t pay the bills and your analytical brain screams THIS IS STUPID And you re right It is stupid You re likely drowning in platform options contradictory advice and the overwhelming pressure to be everywhere doing everything all while feeling like you re fundamentally not built for this flashy often irrational world of marketing Maybe you ve tried gotten mediocre results felt like you wasted precious time you could have spent building something real and decided social media is just a rigged game you can t win WRONG That
