Digital Liberty Matt Stroud,2024-07-05 Digital Liberty explores the imminent convergence of three pivotal themes data artificial intelligence and society s intricate social graph and wars of a looming crisis that threatens to challenge the very foundations of liberal democracies The Future Conditional Eric S. Henry,2021-05-15 In The Future Conditional Eric S Henry brings twelve years of expertise and research to offer a nuanced discussion of the globalization of the English language and the widespread effects it has had on Shenyang the capital and largest city of China s northeast Liaoning Province Adopting an ethnographic and linguistic perspective Henry considers the personal connotations that English has for Chinese people beyond its role in the education system Through research on how English is spoken taught and studied in China Henry considers what the language itself means to Chinese speakers How and why he asks has English become so deeply fascinating in contemporary China simultaneously existing as a source of desire and anxiety The answer he suggests is that English speaking Chinese consider themselves distinctly separate from those who do not speak the language the result of a cultural assumption that speaking English makes a person modern Seeing language as a study that goes beyond the classroom The Future Conditional assesses the emerging viewpoint that for many citizens speaking English in China has become a cultural need and more immediately a realization of one s future **Strategic Business Influencer** Paige Velasquez Budde,2025-11-25 Don t just follow trends become someone who shapes them This essential guide offers a six step approach to brand building and provides the tools for any leader to compete with giants even with a small budget Strategic Business Influencers may not be as famous as mainstream celebrities but they are converting the intangible benefits of influence into significant impact on their revenue and profits In an increasingly skeptical environment these leaders build trust and credibility previously reserved for big name CEOs and target precisely the right audience to build strong scalable relationships with their customers investors employees and partners Zilker Media CEO Paige Velasquez Budde a veteran marketer entrepreneur and speaker walks leaders through her six step process for aspiring Strategic Business Influencers offering them a powerful unified strategy to build big brands Entrepreneurs corporate leaders and aspiring business owners alike will gain the tools to transform their professional image discovering how to Reinvent their brand by creating a compelling Influence ID and evaluating their current market image to ensure they stand out Enhance their relationship management by developing high touch relationships with customers and stakeholders to convert them into loyal advocates Leverage today s digital tools by mastering the art of generating buzz through PR and content creation using the many free or low cost tools now available Drawing on case studies from diverse industries from regional banking to subfloor manufacturing women s undergarments to tech software development The Strategic Business Influencer will help you build undeniable leverage for a brand no matter the industry **Real-World Flash Game Development** Christopher Griffith,2012-11-12 Your deadline just got moved up Your artist has never worked with Flash before Your inner programmer

is telling you that no OOP is a big Oops Any Flash developer can share similar tales of woe This book breaks down the process of Flash game development into simple approachable steps Never heard of a game loop before No idea what a design pattern is No problem Chris Griffith gives you real world expertise and real world code that you can use in your own games Griffith has been building games in Flash long enough to know what works and what doesn't He shows you what you need to know to get the job done Griffith covers Flash for the everyday developer The average Flash developer doesn't have luxurious timelines employers who understand the value of reusability or the help of an information architect to design a usable experience This book helps bridge the gap for these coders who may be used to C Java or C and want to move over to Flash Griffith covers real world scenarios pulled from his own experiences developing games for over 10 years in the industry The 2nd edition will include completely new game examples on more advanced topics like 3D more robust physics and collision detection and mobile device coverage with Android platform development for us on phones and tablets Also coverage of the new features available in Flash CS5 Flash Player 10.1 and AIR 2.0 that can be used for game development The associated web site for the book www.flashgamebook.com gets close to 1,000 visits a month On the site readers can find all the source code for the examples news on industry happenings updates and special offers and a discussion forum to ask questions and share ideas
