Impacts of leadership styles on employee motivation

Joeleen Kimbell, 2025-01-23 Pre University Paper from the year 2024 in the subject Leadership and Human Resources. Employee Motivation. Employee Satisfaction. grade A language English abstract. This qualitative research proposal examines leadership styles, behaviors, and their impact on employee work motivation and productivity under the new world order of work from home. Due to the shift in the work environment, it is imperative to understand how different leadership types, including transformational, transactional, and laissez-faire, affect the motivation of the employees. Therefore, the study's research questions are: How do the identified leadership styles affect employees' experience, particularly regarding motivation? This research will use semi-structured interviews and thematic analysis to identify employees' insights about leadership and motivation within a virtual work environment. The self-selection of participants, together with the use of qualitative research, will capture the experiences and environment of individuals, which will help in efficient strategies for leaders of remote teams. The study will be useful for developing the topic of organizational behavior and for giving useful tips to leaders and managers in virtual working environments.

Flexible Work Arrangements: Remote Productivity Hacks and Balance Guides

eXPERT, Master the art of modern work-life design with Flexible Work Arrangements, Remote Productivity Hacks, and Balance Guides, your complete manual for thriving in the hybrid and remote work era. This book is built for professionals, entrepreneurs, and teams who want to boost efficiency, maintain mental balance, and harness the freedom of flexible schedules without sacrificing performance. With a blend of AI-powered productivity systems, remote collaboration strategies, and mental wellness frameworks, it's the definitive playbook for sustainable success in 2025 and beyond. The Foundations of Flexible Work Section explores the global shift toward hybrid and remote ecosystems, explaining how companies and individuals can embrace flexibility as a strategic advantage. You'll learn how to design an adaptable workflow aligned with your goals and energy patterns. This section introduces concepts like output-based productivity, time autonomy, and async collaboration, showing how they redefine performance and engagement. Real-world case studies reveal how leading

organizations implemented flexible work systems that boosted productivity retention and employee happiness simultaneously. The Remote Productivity Hacks Section delivers science-backed methods to get more done in less time.
