impressive job following their customers and establishing their brands within the same platforms that their customers enjoy. However, over the years, there have been questions surrounding brand trust, with many consumers challenging the authenticity of the message shared by brands. There has been significant research compiled regarding customer sentiments on brand communication. One of the main insights found was that customers trusted messages shared by their peers over messages shared by brands. The assumption is that companies have an agenda to make profits, but our peers seek to educate and empower us. This key assumption is one of the driving forces which has led to the growth of influencer marketing. Influencer marketing allows ordinary individuals to promote the services and products of companies to their specific target audience. Companies pay to have an influencer with a large following on popular social media platforms to advertise their offerings on their behalf. This business strategy has dramatically increased companies' return on investment (ROI) and helped build brand integrity among customers. This book will be a valuable resource to all those individuals who are interested in becoming social media influencers. The reader will learn the ins and outs of social media marketing and some exclusive tactics and strategies on using social media platforms such as Facebook, Instagram, YouTube, TikTok, and Pinterest to develop and grow an audience. Readers will also learn how to create authentic personal brands that will help attract companies, provide them with a unique positioning in the market, and monetize their social media accounts. After reading this book, readers will feel motivated to capitalize on this new movement toward influencer marketing and begin to operate their own marketing enterprises.

Instagram has stood the test of time and is now one of the most popular social networking platforms today. So if your brand isn't already on Instagram, then there is no time like the present to get started. The creators of this platform keep introducing new features along with changes to the algorithm. So it is quintessential that you stay on top of all the updates. In this book, you will learn about the things you need to increase your following on Instagram so you can maximize your profits. You will be given information about the different benefits you can reap by using Instagram. Marketing on Instagram and how you can increase your following are also discussed in detail in this book. A combination of all these factors will ensure that your brand makes the most of all that Instagram has to offer. You will want to make sure that whatever strategy you start to use on Instagram is going to keep the focus on the brand that you have built and how that brand sees the world. Instagram is great for sharing videos and photos, so make sure that when you connect the business with your followers, make sure that it stays consistent with your brand rather than straying away or showing things that just don't go together. Use your brand or company name in hashtags; the hashtags that you pick don't have to be complicated. If you already have a pretty good following on Instagram or your brand name is well known, go ahead and use this as one of your hashtags. This will make it easier for your followers to find you because they can just search the name and find some of your posts. Make a follower famous; it is not just about your followers checking out your posts; it is about how you

interact with your followers Take the time to look over the pages of your followers and then like and share some of their posts This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page Be careful with this one though because some may be personal and you should always ask for permission beforehand if you are unsure whether they would like it shared or not So if you are ready to learn more then let us get started immediately
