Quicklet on Lisa Petrilli's The Introvert's Guide to Success in Business and Leadership Kelly Cooper, 2012-02-24

ABOUT THE BOOK We have the power to change the world with our ideas and we have the power to change the lives of others through our quiet leadership and steadfast approach. Introverts are idea people. We are great listeners and friends and form meaningful relationships in our personal and professional lives. That's the good news. The flip side is that we often struggle with two additional words: invisible and interrupted. We attempt to outpace our work peers with diligence, optimism, and commitment. And we are somewhat surprised to see coworkers earning praise for the visible implementation step of a plan for which we seeded the initial idea, gaining recognition for leadership of a team where we contributed most or all of the behind-the-scenes work and moving up the organization while we are acknowledged in our supporting role.

Supporting Really: The Introvert's Guide to Success in Business and Leadership offers author Lisa Petrilli's experience and advice for overcoming some of the obstacles faced by introverts in networking, interviewing, leading, and excelling in leadership positions. Lisa discusses how introverted and extroverted leaders are both great in leadership and in business; however, introverts may struggle to reach the executive level. In part, introverts are less comfortable seeking the visibility required for company-wide recognition. In part, discomfort with networking effectively and an uneasiness in asking for new opportunities creates fewer opportunities for recognition.

MEET THE AUTHOR Kelly Cooper is currently bringing six cooking-related products to market as well as the cookbook *Cookies for Grown Ups*. Red Rock Press. Her day jobs include coding for Zen Entertainment and teaching Web Development at West Valley College. She enjoys reading and writing on ideas, technology, philosophy, sociology, and business.

EXCERPT FROM THE BOOK I smile inside when I mention to an extrovert that I'm an introvert. Before I finish the sentence, the extrovert's face lights up and he or she begins what seems like a five-minute one-sided, fun-based, fact-bending rendition of how there is no way I'm an introvert. I listen and attempt to offer a few bytes of data to the conversation, which brings merriment and another round of reasoning. I hear as enthusiastic and watch as hand gestures. Over the years, I've explained that introvert does not equate to shy and that I'm simply better in one-on-one or small group relationships. I wonder if this friend or coworker ever noticed that I am the one cooking or doing dishes at a friend's and family gathering, taking notes in a meeting, or organizing requirements on development projects. My husband, an extrovert, seems to understand, although reluctantly, because I talk a blue streak with him. When he asks what I'm thinking if I say nothing, he smiles and says, "Not possible."
