Sex Guides Patty Campbell, 2017-04-07 The history of the sex guide for adolescents documents the quite unconscious movement of Western culture's ideas about sex and youth revealing the heritage of our own sexual beliefs and codes of behaviour The first section of this book first published in 1986 traces the development of the sex guide examining 400 books from 1892 to the 1980s The second section comprises a detailed analysis of the patterns content and usefulness of all the contemporary manifestations of the genre The history of the teen sex manual is a fascinating revelation of American attitudes towards adolescent sexuality

Commonsense Sex Ronald Michael Mazur, 1968 Focuses on the philosophy psychology and morality of sexual relations in contemporary society with its freer attitudes towards sexual conduct *The New Intimacy* Ronald M. Mazur, 2000-04 The close of the 20th century has witnessed the minority status of the traditional family in America On the threshold of a new millennium now is an opportune and urgent time to give voice to the intimacies of alternative lifestyles including open marriage Traditional monogamy is still the prize for countless adults searching for meaning and love in their lives That search is honored by myriad religious and societal supports It is to non traditionalists to those ready for new life and love affirmations that this book is offered with joy The evolution of human consciousness prepares the way for the unfolding of our universal polyamorous potential Let the pioneers be unafraid to move beyond the ancient limits of relationships to the new intimacy of responsible erotic freedom May the new millennium be the end of pleasure phobia
