Common Sense Business Mark Zarr, 2012-09-13 I am fed up with people making the world more complicated than it really is Egos me first mentalities and unrealistic expectations all get in the way of our success We make things complicated because we want the attention gained from pretending to be experts We put superficial standards on everything we do Why Because we thrive off of the high road mentality Where have all these complications we added to our lives and our businesses gotten us We have a failing economy failing social structure thousands of unprepared young people and lives so hectic that we all die by the age of 65 from stress induced heart attacks If you ask me I think it's time we simplify a few things We don't need complications we need common sense We have justified our standards of excellence while forsaking the simple and natural rules provided by our own God given common sense We no longer recognize what is true and false We only recognize what we believe to be true or false We convince ourselves that life is hard that business is complicated and that only the very best and well educated will succeed I see things differently After years of studying and practicing business I have begun to realize that those with the most success those with the best lives we all want to emulate all have one thing in common they have found a way to simplify what they do Success comes from peeling away the complicated structures ego driven I'm an expert mentality and sophisticated expectations of how things ought to be Success is about finding the easiest most efficient means of accomplishing a task or goal True success is about having the time to enjoy life the freedom to treat others fairly and the opportunity to make a difference in everything that we do Common sense tells us that the shortest distance between any point is a straight line Common sense tells us that effectiveness comes from finding the simplest way of doing something Common sense has a lot to tell us In fact it can teach us everything we need to know about life business and success Are you ready to learn why the finer things in life are the simplest things Come with me as we journey to discover how simply applying some common sense to our lives can change the world
