Commonwealth Or Empire Russia Central Asia And The Transcaucasus:

Commonwealth Or Empire? William E. Odom, Robert Dujarric, 1995 Of the fifteen successor states created by the breakup of the Soviet Union five are in Central Asia and three are in the Transcaucasus This book explores how the newly formed countries and ethnic regions are going to react in the shadows of a much less formidable Russia *Eastern Europe, Russia and Central Asia 2003*, 2000 **The Soldier in Russian Politics 1988-1996** Robert V. Baryl'ski, Parameters, 1997 *Russia* Neil Robinson, 2003-09-02 Over the last hundred years Russia has undergone a succession of failed projects of state construction from Tzarist modernisation to Soviet state socialism to liberal democratic market capitalism This new book introduces these vastly different projects and explains their failure in order to illuminate the common problems of balancing social and economic transformation with political stability that Russia's rulers have faced during the twentieth century Russia A State of Uncertainty traces Russia's complex historical development in the last century as well as its recent political troubles and economic misfortunes and its place in the contemporary international system Providing up to date information on Russian political developments including the elections of 1999 and 2000 Robinson assesses the chances of future projects of political and economic reconstruction Written in a clear and accessible way this book will be an invaluable text for students learning about Russia for the first time as well as anyone interested in the state and history of Russia

The Geopolitics of XXI Century in Central Asia Murat Turarovich Laumulin, 2007 *Slavic Review*, 1996 American quarterly of Soviet and East European studies varies History and Society in Central and Inner Asia Uradyn Erden Bulag, Michael Gervers, Gillian Long, 2005 Russia and the USSR in the Twentieth Century David MacKenzie, Michael W. Curran, 2002 In this revision of their best selling text MacKenzie and Curran present a succinct updated history from the later imperial tsarist regime to the current Russia Acclaimed in the field for its clarity comprehensiveness and accuracy the text balances social cultural history with political history through the Putin presidency and offers Russian as well as post Soviet views of Russian history **Central Asia : [journal of Area Study Centre].**, 2000 **A History of Russia, the Soviet Union, and Beyond** David MacKenzie, Michael W. Curran, 1999 In this revision of their best selling text MacKenzie and Curran present a clear and objective account of the history of Russians and other eastern Slavs from its beginnings in ancient Rus to the demise of the Soviet Union and most recently the Putin presidency Acclaimed in the field for its clarity comprehensiveness and accuracy the text balances social cultural history with political history The authors approach weaves the external geographic determinism of the Eurasian school and the organic inner oriented approach of Russian historians

Dynamics of Political Development in Central Asia Phool Badan, 2001 **Resolved that the United States Should Substantially Change Its Foreign Policy Toward Russia** Sherry B. Shapiro, 1998 *Conquest and Retreat in Soviet and Contemporary Russian Foreign Policy* David W. Rivera, 1999 Historical Dictionary of Kyrgyzstan Rafis Abazov, 2004 The modern history of Kyrgyzstan resembles a fascinating history of the Great Game a term used to describe

competition between the British and Russian Empires for domination in Central Asia For centuries various great powers and nomadic Khanates attempted to establish an ultimate control over this strategically important land and the land populated by Kyrgyzs was fragmented between various political entities Only at the end of the 19th century did the Russian Empire finally acquire control over this region In 1924 the Kyrgyz land was united into a single political entity in the controversial and still widely debated border delimitation process In 1991 Kyrgyzstan declared its independence and began building a democratic and market oriented state However very soon the newly independent country found itself in the center of the political competition for influence between such powers as China Russia and the USA This competition finally landed the US and Russian military airbases in Kyrgyzstan s territory in what some analysts describe as a new round of the Great Game The Historical Dictionary of Kyrgystan provides a concise yet comprehensive overview of the historical development of Kyrgyzstan The introduction and chronology provide an overview of the Kyrgyz history focusing on the history of the country in the 20th century The author carefully assesses the key issues in Kyrgyzstan s attempt to develop democratic and market oriented institutions and to keep militant elements at a bay He overviews the growth of political organizations and NGOs and the struggle for power between various formal and informal political groups and institutions This is the first comprehensive reference book on Kyrgyzstan which provides superb up to date details about the key players and key issues in contemporary domestic and international politics of Kyrgyzstan The dictionary consists of approximately 300 entries and is cross referenced to make sure that it is easy to use by both experienced scholars a *Japan's Energy Angst and the Caspian Great Game* Kent E.
