TAMAR KATRIEL

Communal Webs Communication And Culture In Contemporary Israel

John Augustine Daly, Mark L. Knapp

Communal Webs Communication And Culture In Contemporary Israel:

Communal Webs Tamar Katriel, 1991-01-01 This book brings together insights derived from a detailed exploration of Israeli cultural patterns of communication highlighting their role in the processes of culture formation maintenance and change Katriel's ethnographic examples provide a richly textured account of Israeli cultural experience illustrating the potential of a cultural analysis grounded in the study of ideologically informed communicative practices The author addresses central issues in contemporary anthropology and human communication studies such as the identification of cultural communication patterns in ethnographic research conceptualizations of the notions of culture and community the rhetorical force of cultural communication forms the role of ritualization in communication and social processes the critical potential of ethnographic work and the ethnographer's stance in studying one's own culture

Nationalism and the Israeli State

Don Handelmann, 2020-06-11 National festivals Military parades Patriotic memorials Such public events and tributes naturally bring to mind the idea of nationalism But what is the cultural logic behind them How does a country such as Israel facilitate state related public events as enactments of nationalism To answer these questions renowned anthropologist Don Handelmann unpacks the meaning of national ritual and symbol in Israel today He argues that public events mirror social order a mirror that reflects to its participants and audiences the message that the designers of such events wish to communicate Handelmann considers the meaning of Holocaust and military memorialism and he investigates the role of holiday celebrations especially how they affect young children first learning about their country Analyzing state ceremonies such as Holocaust Remembrance Day for the war dead and Independence Day he notes the absence of minorities and examines their significance in the promotion of a national identity He also looks at how Israel exports powerful symbols of statehood Throughout Handelmann develops his theory of bureaucratic logic as the driving force behind expressions of nationalism in the modern state He argues that bureaucratic logic has a much wider cachet than simply functioning as a way of thinking only about bureaucratic institutions The logic is crucial to how these institutions function but more so it is a dominant force in forming modern state social order Bureaucratic logic is used incessantly to invent and to modify all kinds of systems of classification that often have profound consequences for individuals and for groups and that are ritualized powerfully through a host of state related public events

Perspectives on Israeli Anthropology Esther Hertzog, 2010 Surveys past and present research on Israeli anthropology for students and researchers While Israel is a small country it has a diverse and continually changing society As a result since the 1960s Israeli anthropology has been a fertile ground for researchers This collection introduces readers to the diverse field of social anthropology in Israel today pointing to both its rich history and promising future Drawing upon recent research as well as a few key older articles editors Esther Hertzog Orit Abuhav Harvey E Goldberg and Emanuel Marx have selected contributors that highlight different theoretical perspectives and touch on a variety of relevant topics Perspectives on Israeli Anthropology begins with an introduction that traces the development

of social anthropology in Israel from its beginnings in Palestine prior to Israeli statehood to the present. The essays in this volume are divided into five major thematic sections including the effects of immigration, the influence of bureaucracies in social life, the negotiation of the social order, tensions between Jewish Israelis and Palestinian Arabs, and notions of Israeliness and Jewishness. Essays offer compelling research and a variety of perspectives on changing senses of identity, ethnicity, religiosity, and gender relations in a society deeply affected by war, violence, and dispossession. While the contributors in this volume adhere to various theoretical and ethnographic traditions, they all treat Israel as a complex, modern, and open society with much to offer other scholars. *Perspectives on Israeli Anthropology* will provide an illuminating overview of the discipline for students, teachers, and researchers in the field of social anthropology.

Communicating Ethnic and Cultural Identity
Mary Fong, Rueyling Chuang, 2004. This intercultural communication text reader brings together the many dimensions of ethnic and cultural identity and shows how they are communicated in everyday life. Introducing and applying key concepts, theories, and approaches from empirical to ethnographic, a wide variety of essays look at the experiences of African Americans, Asians, Asian Americans, Latinos, and Native Americans, as well as many cultural groups. The authors also explore issues such as gender, race, class, spirituality, alternative lifestyles, and inter- and intra-ethnic identity. Sites of analysis range from movies and photo albums to beauty salons and Deadhead concerts. Visit our website for sample chapters.

Cultures of the Jews
David Biale, 2012-08-29. WITH MORE THAN 100 BLACK AND WHITE ILLUSTRATIONS THROUGHOUT. Who are the Jews? Scattered over much of the world throughout most of their three thousand year old history, are they one people or many? How do they resemble and how do they differ from Jews in other places and times? What have their relationships been to the cultures of their neighbors? To address these and similar questions, twenty-three of the finest scholars of our day—archaeologists, cultural historians, literary critics, art historians, folklorists, and historians of religion—all affiliated with major academic institutions in the United States, Israel, and France, have contributed their insight to *Cultures of the Jews*. The premise of their endeavor is that although Jews have always had their own autonomous traditions, Jewish identity cannot be considered immutable, the fixed product of either ancient ethnic or religious origins. Rather, it has shifted and assumed new forms in response to the cultural environment in which the Jews have lived. Building their essays on specific cultural artifacts—a poem, a letter, a traveler's account, a physical object of everyday or ritual use that were made in the period and locale—they study the contributors describe the cultural interactions among different Jews, from rabbis and scholars to non-elite groups, including women, as well as between Jews and the surrounding non-Jewish world. Part One, *Mediterranean Origins*, describes the concept of the People or Nation of Israel that emerges in the Hebrew Bible and the culture of the Israelites in relation to that of the Canaanite groups. It goes on to discuss Jewish cultures in the Greco-Roman world, Palestine during the Byzantine period, Babylonia and Arabia during the formative years of Islam. Part Two, *Diversities of Diaspora*, illuminates Judeo-Arabic culture in the Golden Age of Islam, Sephardic culture as it bloomed first in the Iberian Peninsula and later in Amsterdam, the

Jewish Christian symbiosis in Ashkenazic Europe and in the Polish Lithuanian Commonwealth the culture of the Italian Jews of the Renaissance period and the many strands of folklore magic and material culture that run through diaspora Jewish history Part Three Modern Encounters examines communities ways of life and both high and fold culture in Western Central and Eastern Europe the Ladino Diaspora North Africa and the Middle East Ethiopia Zionist Palestine and the State of Israel and finally the United States Cultures of the Jews is a landmark representing the fruits of the present generation of scholars in Jewish studies and offering a new foundation upon which all future research into Jewish history will be based Its unprecedented interdisciplinary approach will resonate widely among general readers and the scholarly community both Jewish and non Jewish and it will change the terms of the never ending debate over what constitutes Jewish identity

Culture, Communication, and Cooperation Patricia Olivia Covarrubias,2002 Culture Communication and Cooperation treats a broad topic communication and effectiveness in organizations in a very concrete way Patricia Covarrubias presents an engaging and original ethnographic study of approximately 550 workers in a Mexican industrial organization in Veracruz She studies the complex interpersonal networks formed and destroyed by language subtleties specifically terms of personal address t and uted and draws larger conclusions about language culture and social interaction in businesses and organizations and also about beliefs and values that are central to Mexican culture While the book specifically targets students and scholars of organizational communication those with an interest in Mexican language and culture will also want to read Culture Communication and Cooperation now available in paperback

2005, Taking Stock Michal Kravel-Tovi,Deborah Dash Moore,2016-06-27 Taking Stock is a collection of lively original essays that explore the cultures of enumeration that permeate contemporary and modern Jewish life Speaking to the profound cultural investment in quantified forms of knowledge and representation whether discussing the Holocaust or counting the numbers of Israeli and American Jews these essays reveal a social life of Jewish numbers As they trace the uses of numerical frameworks they portray how Jews define negotiate and enact matters of Jewish collectivity The contributors offer productive perspectives into ubiquitous yet often overlooked aspects of the modern Jewish experience

Urban Anthropology and Studies of Cultural Systems and World Economic Development ,1997 **Politeness in Language** Richard J. Watts,Sachiko Ide,Konrad Ehlich,2019-10-08 This collection of 13 original papers focuses on the phenomenon of politeness in language It presents the most important problems in developing a theory of linguistic politeness which must deal with the crucial differences between lay notions of politeness in different cultures and the term politeness as a concept within a theory of linguistic politeness The universal validity of the term itself is called into question as are models such as those developed by Brown and Levinson Lakoff and Leech New approaches are suggested In addition to this theoretical discussion an empirical section presents a number of case studies and research projects in linguistic politeness These show what has been achieved within current models and what still remains to be done in particular with reference to cross cultural

studies in politeness and differences between a Western and a non Western approach to the subject *Cultural Dilemmas in Public Service Broadcasting* Gregory Ferrell Lowe, Per Jauert, 2005 *Israel Studies Forum*, 2002 **Common Pool Resources and Collective Action** Fenton S. Martin, Charlotte Hess, 1989 **Back by Popular Demand** Gretchen E. M. Romstad, 1996 **Interpersonal Communication: Forming and maintaining relationships** John Augustine Daly, Mark L. Knapp, 2010 Interpersonal communication is inexorable irrevocable complex and relative but ultimately necessary Understanding this type of communication gives us a framework for successful and effective interaction with others in everyday situations In this multivolume reference collection subject specialists Mark L Knapp and John A Daly explore the dimensions dynamics and implications of interpersonal communication Volume I covers the history and status of the field to various communicator characteristics **Jewish Folklore and Ethnology Review**, 1995 **Linguistics and Language Behavior Abstracts**, 1994 *Israel and the West Bank and Gaza Strip* C. H. Bleaney, 1994 *Journal of Palestine Studies*, 1991 **Communicating Across Cultures at Work** Maureen Guirdham, 2005 This guide offers skills to understand and overcome communication difficulties whether they are based on nationality ethnicity gender age social class and level of disability
