Handbook of Marriage and the Family Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11 The lucid straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add It is therefore limited to two relevant but not intrinsically related points vis a vis research on marriage and the family in the interval since the first Handbook Christensen 1964 appeared namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid sixties about the time of the first Handbook In the late

1930s Willard Waller noted Fifty years or more ago about 1890 most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it Everything that concerned the life of men and women and their children was shrouded from the light Today much of that has been changed Gone is the concealment of the way in which life begins gone the irrational sanctity of the home The aura of sentiment which once protected the family from discussion clings to it no more We want to learn as much about it as we can and to understand it as thoroughly as possible for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting We are engaged in the process of reconstructing our family institutions through criticism and discussion 1938 pp 3 4

Utopias and Utopians Richard C.S. Trahair, 2013-10-31 Utopian ventures are worth close attention to help us understand why some succeed and others fail for they offer hope for an improved life on earth Utopias and Utopians is a comprehensive guide to utopian communities and their founders Some works look at literary utopias or political utopias etc and others examine the utopias of only one country this work examines utopias from antiquity to the present and surveys utopian efforts around the world Of more than 600 alphabetically arranged entries roughly half are descriptions of utopian ventures the other half are biographies of those who were involved Entries are followed by a list of sources and a general bibliography concludes the volume *Exploring Marriage and the Family* David Knox, 1979 **Daughters of Aquarius** Gretchen Lemke-Santangelo, 2009 The first book to focus specifically on the women of the counterculture movement reveals how hippie women launched a subtle rebellion by rejecting their mothers suburban domesticity in favor of their grandmothers agrarian ideals which assigned greater value to women's contributions *Pathways to Re-Creating Religious Communities* Patricia Wittberg, 1996 Religious life has always been an essential and dynamic component of the church Religious communities historically have met the needs of the surrounding society in education the arts medical care and social work But why do we need religious communities now What purpose do they serve within the church and within society Patricia Wittberg offers some practical and prophetic answers There are four basic questions that a religious community must answer if it is to survive and grow in the twenty first century What is our fundamental reason for existing as a community What distinguishes members from non members How will we live out our fundamental purpose in daily life What resources do we need and where can they be found Using the metaphor of a journey this book suggests ways of addressing these questions based on studies of other religious communities past and present Catholic and those of other religions The author also identifies pitfalls that commonly deter new communities and suggests how these pitfalls may be avoided Included is a selection of journey stories that present some fictional founding and refounding journeys these can serve as starting points for brainstorming by religious communities interested in refounding themselves This is a hopeful popularly written book that will appeal not only to all religious but to general readers as well since it has great importance for the life of the entire church BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
