Communicating Employee Responsibilities And Rights A Modern Management Mandate

Marek Bugdol

Communicating Employee Responsibilities And Rights A Modern Management Mandate:

Communicating Employee Responsibilities and Rights Osigweh Yg,1989-08-01 **Communicating Employee Responsibilities and Rights** Chimezie Osigweh,1987-06-04 Understanding the array of occupational rights that give meaning to the emerging demands expectations and role responsibilities in the modern workplace is of critical importance Equally important is achieving an understanding of the evolving workplace practices these rights mandate Employer and employee understanding of these considerations offers enormous potential for avoiding situations that provoke and escalate conflicts in the contemporary workplace At the heart of all of this is the need for clear consistent and effective communication in the modern organization This book containing contributions by outstanding scholars and practitioners in the fields of communication organizational psychology and management law personnel and industrial and labor relations addresses the issues involved in communicating employee responsibilities and rights **New Approaches to Organizational Communication** Branislav Kovacic,1994-07-01 New Approaches to Organizational Communication brings together three major conceptual developments First it sheds new light on standards used to evaluate processes and practices of organizational communication Second individual chapters delineate new vital mechanisms of organizational communications Third the book outlines the practical consequences of these new mechanisms of organizational communication **Communication Yearbook 22** Michael Roloff,2012-07-23 Communication Yearbook 22 contains in depth literature reviews focused on an important topic in specialized areas as well as syntheses that describe scholarship in other domains Each chapter addresses an aspect of one of the most pressing issues currently facing individuals how to communicate with people from different backgrounds or cultures The first two chapters examine the ways sex differences and cross cultural differences affect communication behavior The following three chapters focus on harmful speech the effects of pornography on criminal sexual offenders and personalization of conflict Further chapters focus on argumentation organizational settings and government media relations as well as styles of customer service communication within families with aging parents and intercultural friendship A Different Approach to Work Discipline Marek Bugdol,2018-04-27 Providing insight into the currently applied models basic definitions and functions of work discipline systems within organisations this book analyses the risks limitations and the potential of developing organisational discipline structures It examines various examples and manifestations of unethical and criminal behaviour in the workplace and places special emphasis on informal punishment structures and the conditions under which they occur Difficult topics are tackled including sabotage theft bullying financial fraud sexual harassment and blackmail Assessing the effectiveness of work discipline systems upon organisational behaviour this innovative book offers practical solutions for managers as well as new approaches for those studying human resource management The Routledge Companion to Leadership John Storey,Jean Hartley,Jean-Louis Denis,Paul 't Hart,David Ulrich,2016-09-13 Leadership has never been more important and divisive than it

is today The idea and discourse of the leader remains a critical factor in organizational and societal performance but there is evident tension between the persistent focus on the critical importance of individual leaders and the increasing emphasis on collective leadership The Routledge Companion to Leadership provides a survey of the contentious and dynamic discipline of leadership This collection covers key themes in the field including advances in leadership theory leadership in a range of contexts and geographies leadership failure leadership process and leadership development Topics range from micro studies to wider political analyses of leadership taking in unusual but important aspects such as portrayals of leadership in architecture media and science fiction Contributions from 61 internationally renowned authors from 16 countries make available the full range of perspectives approaches and insights on the idea of leadership Providing both a social sciences and a psychological approach these go beyond common themes to offer diverse perspectives on such topics as emotion and leadership portrayals of leadership This volume situates leadership debates and evidence within contemporary leadership crises while ensuring that the explorations of the issues are of enduring relevance With wide and critical coverage of the key topics and potent contextualization of themes in current events The Routledge Companion to Leadership is the ideal resource for graduate study in leadership

Dissent in Organizations Jeffrey Kassing, 2011-07-12 Employees often disagree with workplace policies and practices leaving few workplaces unaffected by organizational dissent While disagreement persists in most contemporary organizations how employees express dissent at work and how their respective organizations respond to it vary widely Through the use of case studies first person accounts current examples conceptual models and scholarly findings this work offers a comprehensive treatment of organizational dissent Readers will find a sensible balance between theoretical considerations and practical applications Theoretical considerations include how dissent fits within classical and contemporary organizational communication approaches dissent's relationship to yet distinctiveness from related organizational concepts like conflict resistance and voice explanations for why employees express dissent and how they make sense of it the relationship between organizational dissent and ethics Practical applications encompass recommendations for employees expressing dissent and managers responding to it consideration of the range of events that trigger dissent strategies employees use to express dissent and tools organizations can apply to solicit it effectively the unique challenges and benefits associated with expressing dissent to management The book's specific focus and engaged voice provide students scholars and practitioners with a deeper understanding of dissent as an important aspect of workplace communication

Corporal Punishment of Children in Theoretical Perspective Michael Donnelly, Murray Straus, 2008-10-01 Despite being commonplace in American households a generation ago corporal punishment of children has been subjected to criticism and shifting attitudes in recent years Many school districts have banned it and many child advocates recommend that parents no longer spank or strike their children In this book social theorist Michael Donnelly and family violence expert Murray A Straus tap the expertise of social science scholars and researchers who address issues of corporal punishment a

subject that is now characterized as a key issue in child welfare The contributors discuss corporal punishment its use causes and consequences drawing on a wide array of comparative psychological and sociological theories Together they clarify the analytical issues and lay a strong foundation for future research and interdisciplinary collaboration

Blowing the Whistle Marcia P. Miceli, Janet P. Near, 1992-01-01 An all inclusive resource for companies and individuals

The Personnel Administrator, 1987-12

The Public Librarian's Human Resources Handbook David A. Baldwin, 1998-06-15

This is a practical guide to employment law relating to personnel recruitment and selection the employment relationship collective bargaining discrimination laws health safety and privacy and discipline and discharge for public librarians

Managing Employee Rights and Responsibilities Chimezie A. B. Osigweh, 1989-11-03 A companion to the editor's previous volume *Communicating Employee Responsibilities and Rights* this book summarizes the current state of knowledge in the area of employee responsibilities and rights and points to future directions for research and practice The contributors examine the theory behind employee rights and responsibilities and suggest the need for a shift from discipline specific orientations to the development of an interdisciplinary paradigm They emphasize the need to look at rights and responsibilities issues from a broad management context and examine the management of the various issues in modern organizations Detailed case studies of programs that have worked well short case examples court decisions and quantified data document specific ideas throughout the book The book is divided into four sections beginning with two introductory essays Three chapters follow that address legal issues such as legislation to protect against unjust discharge the current status of wrongful dismissal legislation and trends in Title VII discrimination legal theories In the next seven chapters that address human resources and management education perspectives the contributors treat topics involving positive discipline internal mechanisms for resolving employee complaints the ombudsman model of managing employee rights whistleblowing and the responsibilities of management education to help fulfill the rights of students and future business leaders The concluding section contains two chapters and examines whether employee rights strategies are desired or required and develops a social constructionist and political economic perspective of employee rights Taken together these chapters offer the most comprehensive exposition of this complex subject available to date

Building Communication Theory Dominic A. Infante, Andrew S. Rancer, Deanna F. Womack, 1993

Political Risk Management Charles R. Kennedy, 1987 This work compresses much of the established literature on risk and investment business strategy While it may not offer new direction it succeeds in bringing together the perspectives of international finance rooted in country risk analysis with those of broader social science It focuses the reader's attention on the political and social forces directly impacting on business operations This book serves as an excellent literature review for academics and helps the strategic planner in business get a grip on the political risk literature from a multidisciplinary perspective It deserves a prominent place in the political risk international business environment literature

The International Executive

Organizational Behavior R. Bruce McAfee, Paul

J. Champagne,1987 **Employee Rights** Roger Blanpain,1994-06-17 Even in countries which regard themselves as model democracies such as the United States of America the situation at the workplace may be entirely different with regard to the basic freedoms and equal treatment In the USA which is a genuine democracy in a political sense the importance which is attached to democratic values is not always apparent in the codes of conduct in American enterprises and organizations The degree to which democratic notions are put into practice in the industrial world is the basic theme of this 28th Bulletin entitled Employee Rights and Industrial Justice *Motivating Strategies for Performance and Productivity* Paul J. Champagne,Bruce McAfee,1989-02-09 This book reviews current theories on how to improve employee performance and shows how to adapt these strategies to specific work situations The authors have chosen 10 currently popular performance enhancing strategies for study ranging from behavior modification techniques to team based and employee participation approaches For each strategy they discuss the relevant theory and provide actual case studies of implementation AMA Journal In the face of ever greater competition from abroad no issue is more important for U S business than improving employee effectiveness and productivity In this volume Champagne and McAfee offer both a review of current theories on how to improve employee performance and a guide to adapting these strategies to specific work situations While previous studies have tended to focus strictly on theory or on step by step guidelines alone Champagne and McAfee combine theory actual company examples and clear cut guidelines in order to offer the human resource professional a well rounded comprehensive overview of workable motivation strategies and techniques The authors have chosen 10 currently popular performance enhancing strategies for study ranging from behavior modification techniques through team based and employee participation approaches For each the authors discuss the relevant theory and then provide actual case study examples of their implementation Because every situation is unique the authors also outline ways in which particular strategies can be molded to fit a variety of situations Throughout the book steps that can be taken by managers to implement performance and productivity enhancing strategies even in the absence of a formal company program are elucidated fully A book for managers in all kinds of organizations from hospitals and schools to corporations and not for profit firms *Motivating Strategies for Performance and Productivity* is an important contribution to the human resources literature

Contemporary Supervision Anne Scott Daughtrey,Betty R. Ricks,1989 **Arts Administration and Management** Harvey Shore,1987-08-10 The book takes general management concepts and proves that they are applicable to all forms of the arts be they visual or performing It gives life to the often vague and abstract writings in management by the use of art organization examples This is a good introductory text on the management of the arts and puts the entire management process into perspective James E Suelflow Professor and Director Arts Administration Program Indiana University The primary function of Professor Shore s practical handbook is to help arts administrators create conditions for successful collaboration by integrating management know how with the special needs and values of an arts organization Designed for

maximum user convenience the book presents numerous examples graphic aids and anecdotes that help the reader understand and retain important principles and methods The Academy of Management News Academy of Management,1986
