*Recent Reports*, 1990      *Communication and Persuasion* Richard Petty, John T Cacioppo, 2011-11-24 It has been over 10 years since we initiated work on our first series of collaborative experiments As graduate students we had great fun planning conducting and writing this research Petty Cacioppo 1977 We enjoyed arguing with each other at our initial meeting in 1973 and have subsequently become best friends but neither of us suspected at the time that we would or could actively maintain a research collaboration over the next decade or that we would now find ourselves in a position to write this monograph As we note in Chapter 1 we began our studies of persuasion at a time when social psychology was in crisis and interest in research on attitude change in particular was declining As we write this we are aware of six new volumes on persuasion that are in press or in preparation and that should appear over the next few years In retrospect it is not so surprising that research on attitudes and persuasion would reemerge as a central concern of social psychology We believe that human feelings beliefs and behaviors whether in the domain of interpersonal relations e g marriage aggression politics e g voting revolution health e g following a medical regimen or economics e g consumer purchases are greatly influenced by the evaluations people have of other people objects and issues Furthermore evaluations attitudes are influenced by affect cognition and behavior      *Communication and Persuasion* Richard E.
