Global Guide to Media & Communications John A. Lent, 1987 Guidelines ,1988 Abstract These guidelines are intended to assist writers and editors in preparation of written materials for adults with limited reading skills Basic points in preparing informational material are as follows know the characteristics of the audience so that the material is appropriate clearly identify and organize the message and present the material in a way to get and hold readers attention long enough for them to retain the message Illustrations references and a high frequency word list are included **Reader feedback in text design** Menno de Jong, 2022-06-08 Brochures play a significant role in governmental public information provision Every year many brochures are distributed to inform instruct or persuade people These brochures may benefit from a systematic design process including applied research such as pretesting Among communication professionals the importance of pretesting is practically undisputed Readers from the target audience are assumed to provide valuable insights into whether a document really works Organizations therefore increasingly try to include a pretest in the design process of important documents Various pretest methods have been developed and are being used in practice However little is known yet about the merits and restrictions of the available approaches This book provides a framework for scholarly research into pretesting and presents a series of studies into the validity of one particular pretest instrument a combination of the plus minus method and a semi structured questionnaire This is one of the prevailing pretest approaches in the Dutch public information sector The validity of the pretest instrument is assessed in two complementary ways First the question is addressed as to whether a revision on the basis of pretest results actually leads to an improvement in the functional quality of brochures Second a study

is presented in which text and subject matter experts judge the importance of pretest results The pretest instrument appears to yield a large amount and a great variety of reader feedback which in a subsequent revision may contribute to significant improvements in the effectiveness of brochures **Asian & Worldwide Documents on Population Topics** ,1979
