## Communism And Its Collapse:

**Communism and its Collapse** Stephen White, 2002-01-04 Ranging from the Russian revolution of 1917 to the collapse of Eastern Europe in the 1980s this study examines Communist rule By focusing primarily on the USSR and Eastern Europe Stephen White covers the major topics and issues affecting these countries including communism as a doctrine the evolution of Communist rule the challenges to Soviet authority in Hungary and Yugoslavia the emerging economic fragility of the 1960s the complex process of collapse in the 1980s Any student or scholar of European history will find this an essential addition to their reading list *The Collapse of Communism* Stewart Ross, 2004 Describes the history of communism and its eventual downfall in the Soviet Union and Eastern Europe *Triggering Communism's Collapse* Marjorie Castle, 2003 Why was Poland the first communist regime to collapse And yet why do many Poles see their peaceful transition away from communist rule as a sham rather than a victory To find answers to these questions *Triggering Communism's Collapse* examines the political dynamics of the Polish transition a transition that stripped the communist party of its control of the government thrust an opposition leader into the premiership and set off the world changing series of communist collapses in the Soviet Bloc At a time when Poland's economy was deteriorating the workers were striking and the Soviets were vacillating both the Polish communist regime and the Solidarity led opposition formulated certain expectations and acted upon them Both sides expectations soon turned out to be mistaken but the resulting choices shaped the course of events in surprising ways Through elite interviews and archival records Castle shows how mistaken expectations resulted in a sudden transfer of power away from the communist elite and created a new political arena full of surprises Drastic changes in the capabilities of key political actors had radically altered the implications of negotiated rules Yet these rules went on to change the political landscape itself *Culture and Civilization* Irving Louis Horowitz, 2011-12-31 Volume three of *Culture* Tony Leon *Liberal Democracy in Africa* Yoaz Hendel *Terrorism and Piracy* Norman Manea and Paul Hollander *Twenty Years After the Fall of the Berlin Wall* Aleksander Kwasniewski *World Views of the European Union* Gregg Rickman *The Nazi Religion and the Holocaust* and Walter Laqueur *Europe's Road to the Mosque* This volume features special essays on Jean Francois Revel's *Uncommon Insight* John Maynard Keynes *Revisited* Stefan Zweig *Master Builder of the Spirit* and *Inside Shakespeare's Hamlet* As with the previous volumes the writings are brilliantly realized in form with serious content to match Threading a needle between abstracted empiricism that dominates present science policy and speculative metaphysics that offers little else than a great vision of the world this volume of *Culture Civilization on Globalism* charts a space for which there is a felt need by large publics responded to by serious social science specialists capable of addressing such interests in historically meaningful contexts *The Rise and Fall of Communism* Archie Brown, 2009-06-02 A work of considerable delicacy and nuance Brown has crafted a readable and judicious account of Communist history that is both controversial and commonsensical Salon.com Ranging wisely and lucidly across the decades and around the world this is a splendid book

William Taubman Pulitzer Prize winning author of Khrushchev The Man and His Era The Rise and Fall of Communism is the definitive history from the internationally renowned Oxford authority on the subject Emeritus Professor of Politics at Oxford University Archie Brown examines the origins of the most important political ideology of the 20th century its development in different nations its collapse in the Soviet Union following perestroika and its current incarnations around the globe Fans of John Lewis Gaddis Samuel Huntington and avid students of history will appreciate the sweep and insight of this epic and astonishing work

**The Collapse of State Socialism** Bartolomiej Kaminski, 2014-07-14 Does the abrupt collapse of communist regimes in Eastern Europe arise only from errors in implementing the policy of state socialism leaving the concept itself still a potentially valid one Bartolomiej Kaminski argues to the contrary state socialism is a fundamentally defective idea that was well carried out enabling it to exist until its accumulated shortcomings made its survival extremely difficult How did the flawed state socialist system endure for so long Why is it failing now In answering these questions Kaminski who is both an economist and a political analyst proposes a general theory and then applies it to the case of Poland Contending that the breakdown of state socialism results from symbiosis of the state and the economy the book describes how communist governments searched for tools that would replace the market mechanism and the rule of law Doomed in advance by the absence of autonomy and competition this search generated new crises by undermining the state's capacity to suppress individual interests and to direct the economy Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

[The Collapse of "communism" in the USSR](#) Doug Lorimer, 1994

[Causes and Consequences of the Collapse of Communism in Eastern Europe](#) Martyn C. Rady, 1995 From the CAUSES AND CONSEQUENCES series illustrated with colour and black and white photographs and artwork a look at the events leading up to the collapse of communism the reasons for its failure the era of glasnost and perestroika and looking at the realities of the post Cold War world

**Encyclopedia of African American Politics** Robert C. Smith, 2003 An A to Z presentation of over 400 articles on African American politics and notable people from the abolitionist movement to Whitney Young

**Visions of Culture** Jerry D. Moore, 2000-01-01 An accessible balanced undergraduate textbook on anthropological theory Jerry D Moore's Visions of Culture presents students with a brief readable treatment of theoretical developments in the field from the days of Tylor and Morgan through contemporary postmodernists and cultural materialists The key ideas of 21 major theorists are briefly described and linked to biographical and fieldwork experiences that helped shape those theories An assessment of the scholar's impact on contemporary theorizing is presented along with numerous explanatory examples illuminating quotes from the theorists

writings and a description of the broader intellectual setting in which these anthropologists worked An ideal book for classes on the theory or the history of anthropology

**Ideology and the Collapse of the Soviet System** Neil Robinson,1995-01-01 this is an excellent book which sheds considerable light upon the role of ideology particularly in the last years of the Soviet Union Graeme Gill Europe Asia Studies this work is a serious attempt to bring ideology back into discussions about the end of the Soviet Union Bartholomew Goldyn Slovo This innovative book offers a critical history of the development of Soviet ideology discussing its centrality to Soviet politics and the destructive effect that it had on the Gorbachev reforms Neil Robinson analyses the nature and historical evolution of Soviet ideology between 1917 and 1985 to demonstrate the structural importance of Soviet ideological discourse and the uncertain place that it allocated to the communist party in the Soviet political system On the basis of this analysis Dr Robinson provides a fresh interpretation of Gorbachev s political reforms He describes the ideological dynamic that underwrote the development of perestroika how Gorbachev s ideas on democratization sent contradictory messages to the communist party and how this stimulated opposition to perestroika from party cadres and Soviet society

***A History of Political Thought*** Bruce Haddock,2008-09-22 This book is a comprehensive introduction to the history of political thought tracing the development of arguments and controversies from ancient Greece through different forms of community state and empire to today s global concerns Bruce Haddock highlights the bewildering variety of contexts that have framed political thinking yet also displays structural features that have proved to be remarkably stable over time An important theme in the book is the need to see political philosophy even in its most abstract formulations as a response to historically contingent circumstances without limiting its relevance to those circumstances The emphasis throughout is on political thinking as a response to hard choices Major thinkers covered include Plato Aristotle Augustine Aquinas Machiavelli Grotius Locke Spinoza Montesquieu Hume Kant Rousseau Burke Hegel Marx Mill Lenin Schmitt Nietzsche Foucault Oakeshott and Rawls The book treats political philosophy and theory as a tentative engagement with a fractured and controversial past Yet political thinking remains the exercise of a burden of a responsibility that is inescapable for us Haddock introduces a history that continues to shape our understanding of ourselves as political and historical creatures A History of Political Thought will be of interest to students and scholars of politics history and philosophy

**The Collapse of Communism in the Soviet Union** William E. Watson,1998-05-26 A one stop source of information analysis biographical profiles and key primary documents on the collapse of communism in the Soviet Union Studies the rise and fall of a superpower and its ruling party Following a chronology of events five essays provide a narrative overview and discuss the evolution of Perestroika the Brezhnev Doctrine and the Afghan War nationalism and the end of the Soviet empire and Russia after the collapse of Communism Also contains biographical profiles of 15 leaders the text of 22 documents including writings by key figures a glossary and an annotated bibliography

**Nations, Identity, Power** George Schöpflin,2000 Conceptions of nationalism as a historical and contemporary phenomenon remain fragmentary in the late 1990s This text

analyzes the contradictions inherent in the general understanding of nationalism in order to fashion a new intellectual synthesis *The Bridgemen's Magazine* ,1927 **University of Chicago Law School roundtable** ,1993

*Communism's Collapse, Democracy's Demise?* L. McFalls,1994-11-21 Based on original research this book explores East German political culture and its role in the revolution of 1989 and in reunification Specifically the book shows how a set of common values stabilised the communist regime until the 1980s how the undermining of these values motivated revolutionary mobilization and how the partial survival of this specific culture and its conflict with West German culture have contributed to the post unification political crisis **Turning Points—Actual and Alternate Histories** Rodney P.

Carlisle,J. Geoffrey Golson,2008 This fascinating work is a series of explorations of key events in the administrations of Ronald Reagan and George H W Bush each of which speculates on what might have happened if events had unfolded differently The Reagan Era explores a time that saw the rise of the political conservatism that has dominated U S politics in recent years as well as the end of the Cold War which drove American foreign policy for nearly a half century What if Jimmy Carter had successfully navigated the energy shortage and the Iranian hostage crisis What if the assassination attempt on Reagan had succeed What if Iran Contra had not become a scandal These are among the specific topics examined in the book which looks at 11 crucial events and speculates on the effects of alternative outcomes By showing how easily the world might be different The Reagan Era reveals the lasting impact of that era s defining moments *Microeconomics* Campbell R.

McConnell,Stanley L. Brue,1996 Offering a unique blend of solid theoretical content and student accessibility this text stands apart with its emphasis on intriguing applications that convey the prevalence of economics in everyday life By applying economics to phenomenon that students are familiar with and interested in this book demonstrates like no other text how economic analysis can be applied to virtually anything of interest thus helping students develop true economic intuition Additional student oriented features include a unique active learning format an emphasis on developing economic analysis skills and an outstanding visual program for exhibits and graphs Content highlights include balanced presentation of major macro theories a micro presentation that centers around the trilogy of objectives constraints and choices thorough integration of international topics and fully integrated Internet features that offer hands on exercises foe exploring economics on line *Microeconomics* 5e is also available in a macro split and both micro macro are in the principles text
