Communism and the Family Aleksandra Kollontai, 1971 **Communism and the Family** Aleksandra Mikhailovna Kollontai, 1982 **Communism and the Family** Aleksandra Kollontai, 1988 **Communism and the Family** Alexandra Kolontay, 1925 **Women Under Communism** Paul Chao, 1977 Very little of orthodox Marxism has survived intact in Soviet Russia and the People's Republic of China This book explores traditional socialism and its evolution in these two societies Women under Communism is an inquiry into the historical and contemporary development of women's status and family life in two socialist societies and lays bare the political action that has been taken to bring about equality of the sexes

Conjugal America Allan C. Carlson, 2017-09-04 The institution of marriage has become perilously weak in America Changes in the law over the past three decades such as the spread of no fault divorce and broad acquiescence to cultures of divorce and intentional childlessness have stripped traditional marriage of important legal supports Half of all marriages end in divorce and just as many are childless Conjugal America seeks to recapture the real purposes of marriage and the unchanging nature of this most vital and fundamental human institution Confronting contemporary issues and drawing heavily on the natural and social sciences each chapter also reaches into the past to find truths grounded in human experience Carlson reexamines the basic bond of marriage to procreation showing that this tie has been no less than the foundation of the unwritten sexual constitution of Western civilization He also shows how the Gnostic heresy which despises procreation posed a stark danger to the early Christian movement and to the sexual constitution of our own time as well He then dissects claims regarding the evolution of marriage showing that true marriage always represents the vital connection of the sexual with the economic Carlson explores the political nature of marriage showing why every ambitious totalitarian government seeks above all to destroy marriage and why the true marital bond actually stands for liberty He concludes by arguing for the necessity of marriage policy Because both the nature of the centralizing state and the pressures of modernity have altered family circumstances new protections and encouragements to marriage are now imperative Conjugal America will be central to the new debate on marriage and its purposes This book sees the current moment as an opportunity to revitalize a necessary institution that has recently been abused and neglected and reinstate it as the primary source of commitment and care in the modern world **The Ethical Outlook**, 1914 *The Standard*, 1914 **The Woman Patriot** Minnie Bronson, 1921 **How Then Should We Reason** Frank Dragash, 2008-04 Frank Dragash is a servant of Christ with an incredible passion to make an impact on the world for Christ's kingdom His ministry in multiple cultures gives him a unique perspective and he takes a creative approach to every project he undertakes This book is no exception He shows clearly that the family is intended to reflect the image of God and argues that modern culture has gone astray because they have overlooked this truth An important message that our society desperately needs to hear Dr John Bechtle Director The Telos Institute International The word person is aptly described in Webster's Dictionary in the following explanation A

figure of speech in which an imaginary or absent person is represented as speaking or acting In this description we can see the reality of being made in the image of someone else This is the theme of this book In the ancient Greek theater an actor would heave a mask over his face in order to more truly represent his character who was supposed to be present at that moment in that spot but was actually absent Because of the character s inability to be present in person on stage the actor put a particular form over his own face to identify himself with the character he was representing This clearly illustrates the concept of personhood with its entire array of traits In this sense the entire life known to us is not ours it is loaned to us We are truly acting it out The only question to be answered is Will we acknowledge it or deny it Find out the answer in this book
