Communist Parties In Western Europe Decline Or Adaptation:

Communist Parties in Western Europe M. Fennema, Michael Waller, 1991 **West European Communist Parties after the Revolutions of 1989** Martin J. Bull, Paul M. Heywood, 2016-07-27 This book analyses the impact of the collapse of communism in Eastern Europe and the former Soviet Union on the Communist Parties of Western Europe Seven case studies covering the Italian French Spanish Portuguese Belgian British and German parties provide a tightly argued comparative perspective The conclusion assesses the range of responses to the dramatic events of 1989 91 and likely future direction of the west European communist movement It is argued that whilst it is no longer possible to talk of a coherent family of communist parties various individual parties some of them in revised form may continue to prosper **The Radical Left Party Family in Western Europe, 1989-2015** Paolo Chiocchetti, 2016-10-04 This book provides an innovative analysis and interpretation of the overall trajectory of the Western European radical left from 1989 to 2015 After the collapse of really existing communism this party family renewed itself and embarked on a recovery path seeking to fill the vacuum of representation of disaffected working class and welfarist constituencies created by the progressive neoliberalisation of European societies The radical left thus emerged as a significant factor of contemporary political life but despite some electoral gains and a few recent breakthroughs SYRIZA in Greece PODEMOS in Spain it altogether failed to embody a credible alternative to neoliberalism and to pave the way for a turn to a different developmental model This book investigates why this was the case combining aggregate 17 countries case study Germany Italy and France and comparative methods It accurately charts the evolution of the nature strength cohesion and influence of the Western European radical left offering new insights in explaining its behaviour success and limits It is essential reading for scholars students and activists interested in the radical left and in contemporary European politics **Controlling the Electoral Marketplace** Joost van Spanje, 2017-10-05 This book studies how established political parties react to the far left and far right parties that have surged in many democracies worldwide While some of the extremist parties are being imitated in response established parties can also choose to systematically rule out all political cooperation with them imposing a cordon sanitaire A third response by established parties combines these two reactions How common are these three responses and how do they affect far left and far right parties electoral support This book addresses these questions by analyzing experimental and non experimental data from fifteen European countries since 1944 In doing so it informs scientific and public debates about challenges to established parties how these parties deal with these challenges and what the consequences are for the quality of democracy in contemporary democratic societies **The Crisis of Communism and Party Change** Juan Botella, Luis Ramiro Fernández, 2003 **Enemy Brothers** W. Rand Smith, 2014-10-01 Since the 1920s Socialist and Communist parties in Europe and elsewhere have engaged in episodes of both rivalry and cooperation with each seeking to dominate the European Left Enemy Brothers analyzes how this relationship has developed over the past century focusing on France Italy

and Spain where Socialists and Communists have been politically important Drawing on fieldwork and interviews in all three nations W Rand Smith identifies the critical junctures that these parties faced and the strategic choices they made especially regarding alliance partners In explaining the parties diverse alliance strategies Enemy Brothers stresses the impact of institutional arrangements party culture and leadership The paperback edition features a new afterword that updates the impact of the current euro crisis through mid 2014 *The Failure of West European Communism* Frank Lee Wilson,1993

Conflict and Cohesion in Western European Social Democratic Parties David Scott Bell,Eric Shaw,1994 Social democracy remains one of the principal political forces in West European politics Within a comparative framework this work identifies the main factors determining the nature extent and intensity of internal discord within West European social democratic parties

Radical Left Voters in Western Europe Raul Gomez,Luis Ramiro,2022-10-07 Radical Left Voters in Western Europe explores who votes for Radical Left Parties in contemporary Western Europe and why Once considered a relic of the past which was doomed to disappear in affluent societies Radical Left Parties were able to survive unprecedented electoral crises in the 1980s and 1990s to become a stable and significant feature of contemporary West European politics Despite this our knowledge of the electorate of contemporary Radical Left parties is extremely limited To fill this gap this book analyzes the radical left electorate in 17 West European countries Belgium Cyprus Denmark Finland France Greece Germany Iceland Ireland Italy Luxembourg the Netherlands Norway Portugal Spain Sweden and Switzerland for a period of 18 years 2000 18 The research combines data from multiple sources surveys country level data and party level data to show how amidst social and political change Radical Left Parties have been able to maintain a relatively sizeable and clearly identifiable electorate with fairly similar socio demographic and attitudinal features Moreover the book argues that in order to explain electoral support for Radical Left Parties it is important to consider not only voter characteristics but also the characteristics of the parties themselves and of the political and economic context in which they compete for votes This book will be of interest to scholars of comparative politics political sociology electoral behaviour and political parties

The Communist Parties of Italy, France and Spain Peter Lange,Maurizio Vannicelli,2021-06-29 First published in 1981 The Communist Parties of Italy France and Spain presents a comparative and integrative overview of the development of three Communist parties in the postwar Europe Through the systematic presentation of the most important documents of the Communist parties the book provides an access to the basic declarations and positions to illustrate the strategic and ideological evolution of these three parties in the advanced industrial democracies Eurocommunism the editors argue cannot be usefully understood as a phenomenon which suddenly appeared and equally as rapidly disappeared in the 1970s Rather it is a process of adaptation and change which characterizes the development of all three parties since World War II The explicitly comparative organisation of the documents into five basic themes general strategy alliances party organization international policy policy toward the communist movement allows the reader both to follow any single party in a specific policy area or to compare the

parties in response to major domestic or international events of significance Rich in archival material this book will be an invaluable resource to scholars and researchers of European Politics comparative politics comparative communism and modern European history **Small Parties in Western Europe** Ferdinand Müller-Rommel, Geoffrey Pridham, 1991-02 An analysis of small parties in Western Europe this book examines the subject in various ways The increasing impact of small parties has begun to mean that their political and social functions can be out of proportion to their size Case studies of Greece Italy UK and Denmark are included Yearbook on International Communist Affairs 1990 Richard Felix Staar, 1990-08 *Journal of common market studies* ,1989 **Yearbook on International Communist Affairs** ,1990

Transformation and Continuity in the Spanish Communist Party, 1954-1964 Sasha David Pack, 2000

Contesting Capitalism? Richard Dunphy, 2004 This is a comparative historical study of the impact of European integration upon the politics and ideology of left parties across the European Union The Finnish Communist Party in the Finnish Political System 1963-1982 Jukka Paastela, 1991 **The Politics of Elite Transformation** Neovi Karakatsanis, 2001-04-30 Kkarakatsanis analyzes the processes through which a stable consolidated and fully democratic regime was brought into existence in the 1970s and early 1980s in Greece Focusing primarily on the roles played by political elites during and in the decade after the transition to democracy she analyzes how Greece moved from a long history of political instability and elite disunity to a consolidated democratic regime to which all major political actors were loyal and committed Four distinct transformations which forged the consensual unity required to establish a stable and consolidated democratic regime in Greece are rigorously and systematically examined First the modernization of the right from a questionable commitment to democracy before the 1967 dictatorship to a fully democratic stance in the post 1974 period second the moderation of the communist left which went from engaging in anti democratic oppositional tactics for much of its history to loyalty towards the new democratic regime third the moderation of the Panhellenic Socialist Movement which went from a seemingly semi loyal stance in the formative years of the transition to one of full loyalty once in the government and fourth the transformation of the military's attitudes and behavior which led it to retreat from political involvement and to submit itself to civilian control Recognizing that elites do not act within a political vacuum however she also analyzes elite interaction while paying careful attention to the relevant social cultural and international contexts and to the linkages between elites and their respective social and political groups Of particular interest to scholars and other researchers involved with contemporary politics in Southern Europe as well as democratic consolidation elites and political parties

Bulletin of the Public Affairs Information Service Public Affairs Information Service, 1988 A London Bibliography of the Social Sciences ,1989 Vols 1 4 include material to June 1 1929

Yeah, reviewing a book **Communist Parties In Western Europe Decline Or Adaptation** could grow your close friends listings. This is just one of the solutions for you to be successful. As understood, finishing does not suggest that you have fabulous points.

Comprehending as competently as deal even more than supplementary will have the funds for each success. next to, the proclamation as capably as perspicacity of this Communist Parties In Western Europe Decline Or Adaptation can be taken as with ease as picked to act.
