**The Communist Conspiracy** United States. Congress. House. Committee on Un-American Activities,1956      Report United States. Congress. House,      **Nazis, Communists, Klansmen, and Others on the Fringe** John George,Laird M. Wilcox,1992 The freedoms guaranteed by our Bill of Rights have allowed a simmering subculture of political fringe groups to develop and even to flourish in America as they have in no other nation These radical associations sometimes dangerous sometimes merely quirky illuminate a dark part of the American psyche In this encyclopedic work John George and Laird Wilcox present a thorough and fair assessment of extremist groups on the periphery of the American political system The authors begin by surveying the history of the extremist trend in America prior to 1960 They then delineate the general characteristics of extremism on both ends of the political spectrum relate extremism to constitutional principles and analyze the factors that motivate fringe group members The bulk of the book is devoted to an in depth discussion of more than forty separate groups from the extreme right and left The authors examine each group s history beliefs and current activities The book concludes with a fascinating appendix on the use of fake quotes and fabricated documents a common ploy of many extremist organizations      **The Commonwealth** ,1962      **The Cold War Comes to Main Street** Lisle A. Rose,1999 In 1950 Main Street American was abruptly traumatized The sudden prospect of thermonuclear war with the Soviet Union Senator McCarthy s vicious anticommunist crusade and the beginning of the Korean War all combined to dampen the public mood The Cold War invaded every home Rose maintains that 1950 was a pivotal year for the nation He argues that the convergence of Korea McCarthy and the bomb wounded the nation in ways from which we ve never fully recovered Brimming with originality this book makes readers look at the Cold War from a dozen different angles      *Red Spies in America* Katherine Amelia Siobhan Sibley,2004 The most detailed study of Soviet military industrial espionage during the 1930s 1940s and 1950s spying aimed specifically at acquiring restricted information and materials relating to American industry technology and science      German Exile Literature in America, 1933-1950 Robert Edgar Cazden,1970      **Communism in the United States** Joel Seidman,1969      **The Case of Julius and Ethel Rosenberg** Charles River Charles River Editors,2018-02-12 Includes pictures Includes accounts of the trial and testimony Includes online resources and a

bibliography for further reading Includes a table of contents This death sentence is not surprising It had to be There had to be a Rosenberg case because there had to be an intensification of the hysteria in America to make the Korean War acceptable to the American people There had to be hysteria and a fear sent through America in order to get increased war budgets And there had to be a dagger thrust in the heart of the left to tell them that you are no longer gonna get five years for a Smith Act prosecution or one year for contempt of court but we re gonna kill ya Julius Rosenberg In 1947 President Truman had tried to assure Americans I am not worried about the Communist Party taking over the Government of the United States but I am against a person whose loyalty is not to the Government of the United States holding a Government job They are entirely different things I am not worried about this country ever going Communist We have too much sense for that Nonetheless shortly after World War II Congress House Committee on Un American Activities began investigating Americans across the country for suspected ties to Communism The most famous victims of these witch hunts were Hollywood actors such as Charlie Chaplin whose Un American activity was being neutral at the beginning of World War II but at the beginning of the Cold War America was gripped by the Red Scare The Red Scare would reach a fever pitch after Wisconsin Senator Joseph McCarthy made waves in 1950 by telling the Republican Women s Club in Wheeling West Virginia that he had a list of dozens of known Communists working in the State Department The political theater helped Senator McCarthy become the prominent anti Communist crusader in the government and McCarthy continued to claim he held evidence suggesting Communist infiltration throughout the government but anytime he was pressed to produce his evidence McCarthy would not name names Instead he d accuse those who questioned his evidence of being Communists themselves The case of Alger Hiss and the rise of McCarthyism were undoubtedly instrumental in the way that one of the most notorious cases in American history unfolded in the early 1950s After years of keeping tabs on Julius and Ethel Rosenberg the two Communist sympathizers were indicted on charges of treason and conspiracy to commit espionage for passing off secrets about the atomic bomb to the Soviet Union In the context of the Cold War and the Korean War there could hardly be more serious charges but the couple strenuously asserted their innocence even after they were implicated by Ethel s own brother David Greenglass Throughout the trial and its aftermath many Americans believed the Rosenbergs were innocent and or were facing an unduly harsh death sentence Indeed authorities had hoped to wring confessions out of the two by threatening them with the chair but they held steadfast all the way up until their executions on June 19 1953 In the over 60 years since there has been plenty of debate over whether the two of them were guilty and if so what the extent of their espionage was While historians have used declassified documents and memoirs of involved individuals to reach the widespread belief that Julius Rosenberg did commit espionage there is still a lot of doubt regarding Ethel s involvement and scholars still debate just what Julius may have sent the Soviets The mystery and intrigue still surrounding the case trial and executions continue to fascinate people and generate plenty of ongoing speculation The Case of Julius and Ethel Rosenberg The History of America s

*A Communist Front at Mid-Century* John W. Sherman,2001 The American Committee for the Protection of Foreign Born played a major role in legal matters pertaining to deportation naturalization and immigration This study provides the first thorough examination of its work from the Depression decade of the 1930s when the committee defended prominent labor activists such as Harry Bridges through the war years and into the 1950s when it served as a legal bulwark for the Communist Party In 1955 the ACPFB itself became a defendant as the pilot case before the Subversive Activities Control Board Cautious and rational the Board reached the correct conclusion that the organization was a Communist Party front Indeed in its fidelity to American communism the ACPFB pursued a political agenda that often violated its stated mandate It not only failed to protect Japanese Americans during World War II but it actually supported their internment During the closing years of the war it attempted to influence ethnic communities for the benefit of the Communist Party False agendas undemocratic internal controls and duplicity drove liberal sympathizers away from the ACPFB by the early 1950s when the pressures of the second Red Scare threatened both it and its host The story of the ACPFB ultimately sheds new light on the nature of American communism itself demonstrating anew its nature as a political movement in pursuit of power      In Defense of America: Congressional Investigations of Communism in the United States, 1919-1935 Philip Louis Cantelon,1971
