Communities at the Margins Hiromitsu Umehara, Germelino M. Bautista, 2004 This book provides snapshots of issues in contemporary Philippine rural society set against the changes that transpired from the 1920s to the 1990s *Case Studies in Biocultural Diversity from Southeast Asia* F. Merlin Franco, Magne Knudsen, Noor Hasharina Hassan, 2022-07-27 This open access book demonstrates the linkages between local languages traditional knowledge and biodiversity at the landscape level in Asia providing a fresh approach to discussions on Asia's biocultural diversity The book carries forward earlier analyses but importantly focuses on traditional ecological calendars folk medicine and folk names in the context of the vital importance of maintaining biological cultural and linguistic diversity It does this by addressing a range of cases and issues in relation to Southeast Asia Brunei Darussalam Indonesia Malaysia the Philippines and North East India The several chapters demonstrate the ways in which the various forms of knowledge of the environment and its categorizations are important in areas such as landscape and resource management and conservation They also demonstrate that environmental knowledge and the practical skills which accompany it are not necessarily widely shared This book sends important messages to those who care about the sustainability of our environment the maintenance of its biocultural diversity or at least the maintenance of what remains of it because much has changed This interdisciplinary collection draws from a wide range of disciplines and is of appeal to students and scholars in anthropology environmental studies geography biodiversity and linguistics

**Routledge Handbook of the Environment in Southeast Asia** Philip Hirsch, 2016-09-13 The environment is one of the defining issues of our times and it is closely linked to questions and dilemmas surrounding economic development Southeast Asia is one of the world's most economically and demographically dynamic regions and it is also one in which a host of environmental issues raise themselves The Routledge Handbook of the Environment in Southeast Asia is a collection of 30 chapters dealing with the most significant scholarly debates in this rapidly growing field of study Structured in four main parts it gives a comprehensive regional overview of and insight into the environment in Southeast Asia Wide ranging and balanced this handbook promotes scholarly understanding of how environmental issues are dealt with from diverse theoretical perspectives It offers a detailed empirical understanding of the myriad environmental problems and challenges faced in Southeast Asia This is the first publication of its kind in this field a helpful companion for a global audience and for scholars of Southeast Asian studies from a variety of disciplines **Fragile World** William T. Cavanaugh, 2018-05-22 In *Fragile World Ecology and the Church* scholars and activists from Christian communities as far flung as Honduras the Philippines Colombia and Kenya present a global angle on the global ecological crisis in both its material and spiritual senses and offer Catholic resources for responding to it This volume explores the deep interconnections for better and for worse between the global North and the global South and analyzes the relationship among the physical environment human society culture theology and economics the integral ecology described by Pope Francis in *Laudato Si* Integral ecology demands that
