**Community and Purpose in America** Mason Drukman,1971      **The Dance with Community** Robert Booth Fowler,1991-07-25 Contemporary intellectuals have rushed to embrace the concept of community What does this tell us about American political thought Why are intellectuals uneasy with modern liberal individualism and its institutional policy results Why is political intellectual discourse dominated today by complaint In *The Dance with Community* Robert Booth Fowler reflects upon these and related questions My goal he writes is to present contemporary political thought about community for what it is a conversation interactive spirited and sometimes tough There have been many interpretations of the much discussed decline in community spirit Rather than offer another Fowler steps back to look at the debate itself He examines from the perspective of an intellectual historian the attention to community in current American political thought and explores the setting of that attention He also identifies five alternative models of community integral to the current debates and sketches a clear image of each its relationship to others the logic of its appeal and its emphases and problems In each instance he places the model into the larger conversation over alternative communities and the value of community itself      **Handbook of Political Theory** Gerald F Gaus,Chandran Kukathas,2004-08-21 The Handbook of Political Theory is a latest addition to the SAGE Handbook collection As with all of our handbooks this is a definitive and benchmark publication that covers all aspects of a given subject This handbook is an essential purchase for everyone interested in Political Theory

**Cuban American Political Culture and Civic Organizing** Robert M. Ceresa,2017-06-21 This book studies civic organizations in Miami s Cuban community Few places in the United States have been transformed by immigration the way Miami has been transformed by Cuban exiles Cuban civic organizations help to explain why this is the case Civic organizations are the heart of the story of the social and political power and influence of Miami s Cuban community This community is home to a broad tradition of active political participation and many civic organizations The sheer number of organizations suggests they have something to do with the community s considerable vibrancy and civic capacity How do the organizations work How have they managed to be so successful over so many years What can be learned about successful civic organizing from their experience How will changing United States Cuba relations impact Cuban civic organizations and in turn broader Miami These are questions this book helps to answer      **Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles      **Asian America Rising** Diane Wong,Mark Tseng-Putterman,2025-09-16 A collection of movement flashpoints and insurgent visions for Asian American activism In the late 1960s Asian American political activism emerged to unite disparate Asian diasporic communities living in the United States behind a radical political identity shaped by the Black Power and anti imperialist movements of their times Today Asian Americans are more diverse and at times more politically divided than ever before In media and electoral politics Asian Americans are celebrated as the fastest growing racial demographic in the United States and claimed as evidence of racial progress Yet the rise of Asian America

rarely centers the coordinated forms of grassroots political organizing that Asian Americans have used to shape their place in society In Asian America Rising Diane Wong and Mark Tseng Putterman bring together an interdisciplinary group of established and emerging scholars of Asian American activism and politics community organizers artists archivists and others to highlight the diversity of twenty first century Asian American political movements across a number of critical areas Based on deep collaborations between scholars and frontline organizers contributors like Diane Fujino Vichet Chhuon Lakshmi Sridaran and Kim Compoc examine different facets of the Asian American political experience including the impact of immigrant detention and deportation the emergence of conservative Chinese American opposition to affirmative action in higher education abolitionist perspectives on the Stop Asian Hate movement and transnational resistance to U S economic and military dominance in Hawai i the Philippines and Okinawa Ultimately Wong and Tseng Putterman show important shifts and emergent directions for Asian American politics in the twenty first century Focusing on grassroots mobilization and bold interventions beyond the formal political sphere they shine a light on the diversity and power of Asian American political activism cultural work community building mutual aid and multiracial issue based organizing
