

COMMUNITY IS POSSIBLE

REPAIRING AMERICA'S ROOTS

Harry C. Boyte Author of *THE BACKYARD REVOLUTION*

Community Is Possible Repairing Americas Roots

Loretta Pyles

Community Is Possible Repairing Americas Roots:

Community is Possible Harry C. Boyte, 1984 In this wide ranging survey of community organizing efforts across the country Boyte shows that citizens groups can achieve power through intelligent persistent struggle He introduces many local heroes and heroines in the movement for community activism Among the most noteworthy are the leaders of a neighborhood group in St Paul Minnesota a public housing tenants organization in St Louis a citywide Hispanic group in San Antonio and an organization for the rights of the disabled in Berkeley He draws inspiration from the common populist impulse he finds among them as well as from their ability to draw out previously buried talent and energy in mobilizing people to take charge of their own destinies ISBN 0 06 091157 3 pbk 6 95 *Voluntarism, Community Life, and the American Ethic* Robert S. Ogilvie, 2004-06-18 This is a major contribution to the literature on social participation and voluntary action It is the first systematic ethnographic study I know that treats volunteers and the institutions they create John Van Til author of *Growing Civil Society* Students and faculty interested in the issue of homelessness will find the book instructive Recommended Choice Why do people volunteer and what motivates them to stick with it How do local organizations create community How does voluntary participation foster moral development in volunteers to create a better citizenry In this fascinating study of volunteers at the Partnership for the Homeless in New York City Robert S Ogilvie provides bold and engaging answers to these questions He describes how volunteer programs such as the Partnership generate ethical development in and among participants and how the Partnership s volunteers have made it such a continued success since the early 1980s Ogilvie s examination of voluntarism suggests that the American ethic is essential for sustaining community life and to the future well being of a democratic society *Why Community Matters* Nicholas V. Longo, 2012-02-01 Providing a new perspective on the undeniable relationship between education reform and democratic revitalization Nicholas V Longo uncovers and examines practical models in which communities play an essential role in teaching the art of democracy *The Dance with Community* Robert Booth Fowler, 1991-07-25 Contemporary intellectuals have rushed to embrace the concept of community What does this tell us about American political thought Why are intellectuals uneasy with modern liberal individualism and its institutional policy results Why is political intellectual discourse dominated today by complaint In *The Dance with Community* Robert Booth Fowler reflects upon these and related questions My goal he writes is to present contemporary political thought about community for what it is a conversation interactive spirited and sometimes tough There have been many interpretations of the much discussed decline in community spirit Rather than offer another Fowler steps back to look at the debate itself He examines from the perspective of an intellectual historian the attention to community in current American political thought and explores the setting of that attention He also identifies five alternative models of community integral to the current debates and sketches a clear image of each its relationship to others the logic of its appeal and its emphases and problems In each instance he places the model into the larger conversation over alternative communities and

the value of community itself **Diversity and Development in Community Practice** Audrey Olsen Faulkner, Maria Roberts-DeGennaro, 1994 The contributing authors of this book provide current knowledge and practice models for community work in diverse settings Diversity and Development in Community Practice is full of case examples theory development research and field teaching models for practice across ethnic and racial groups Faculty will find the book useful due to its scope of theory practice research and examples of student and student teacher advocacy projects Chapters provide new information on working in ethnic communities management styles advocacy research work in multicultural communities and adapting current practice strategies to specific communities While the chapters have different foci all deal with connecting community development strategies to diverse communities The main theme of the book to identify the importance of community development and present state of the art theory research and practice models assists practitioners and professionals in a broad range of human service as well as educators and students in their understanding of the usefulness of development in a community setting All of the contributing authors affirm and support the historic principles that have guided the development of community social work practice They propose theoretical models and describe current interventions that address needs related to contemporary social problems Among the topics they cover are community development procedures and skills theory development for community projects community development and organizing in communities of color self help as both strategy and outcome management styles classroom advocacy Together the chapters provide significant guidance for further work in theory construction and curriculum development and offer direction for effective practice and research Community practitioners faculty and students will find in Diversity and Development in Community Practice effective methods and strategies for working with diverse populations in the world's changing economic and social times **Community Practice** Marie Weil, 1997 Presents examples of three of the basic models of community organizing community economic development and coalition building and analyzes current issues relating to them and to community practice in general Also published as the Journal of Community Practice vol 4 no 1 1997 Paper edition 0046 6 14 95 Annotation copyrighted by Book News Inc Portland OR **Progressive Community Organizing** Loretta Pyles, 2013-07-24 The second edition of Progressive Community Organizing offers a concise intellectual history of community organizing and social movements while also providing practical tools geared toward practitioner skill building Drawing from social constructionist feminist and critical traditions Progressive Community Organizing affirms the practice of issue framing and offers two innovative frameworks that will change the way students of organizing think about their work Progressive Community Organizing is ideal for both undergraduate and graduate courses focused on community theory and practice community organizing community development and social change and service learning The second edition presents new case studies including those of a welfare rights organization and a youth led LGBTQ organization There are also new sections on the capabilities approach queer theory the Civil Rights movement and the practices of self inquiry and non violent

communication Discussion of global justice has been expanded significantly and includes an account of a transnational action research project in post earthquake Haiti Each chapter contains discussion questions written and web resources and a list of key terms a full free access companion website is also available for the book

Encyclopedia of Contemporary American Culture Robert Gregg,Gary W. McDonogh,Cindy H. Wong,2005-11-10 As a meeting point for world cultures the USA is characterized by its breadth and diversity Acknowledging that diversity is the fundamental feature of American culture this volume is organized around a keen awareness of race gender class and space and with over 1 200 alphabetically arranged entries spanning the American century from the end of World War II to the present day the Encyclopedia provides a one stop source for insightful and stimulating coverage of all aspects of that culture Entries range from short definitions to longer overview essays and with full cross referencing extensive indexing and a thematic contents list this volume provides an essential cultural context for both teachers and students of American studies as well as providing fascinating insights into American culture for the general reader The suggestions for further reading which follows most entries are also invaluable guides to more specialized sources

Asset Building and Community Development Gary Paul Green,Anna Haines,2007-08-14 Can residents work together to improve the quality of life in their community Asset Building and Community Development examines the promise and limits of community development and explores how communities are building on their key assets such as physical human social financial environmental political and cultural capital

Is There a Public for Public Schools? Forrest David Mathews,1996 Originally published in 1996 there still remains a public for Is There A Public For Public Schools In this book David Mathews reports on troublesome trends in public education which suggest that the historical compact between Americans and their public schools is rapidly eroding School reform efforts often fail because they assume a public commitment that may no longer exist he writes Real improvement of the schools can only be achieved when citizens reclaim ownership of them as part of an effort to build community The Kettering Foundation published a new book reporting on

Kettering research in 2006 titled Reclaiming Public Education by Reclaiming Our Democracy David Mathews secretary of Health Education and Welfare in the Ford administration and a former president of The University of Alabama is president of the Charles F Kettering Foundation About the Kettering Foundation The Kettering Foundation is a nonpartisan nonprofit operating foundation rooted in the American tradition of cooperative research Kettering s primary research question is What does it take to make democracy work as it should Kettering s research is distinctive because it is conducted from the perspective of citizens and focuses on what people can do collectively to address problems affecting their lives their communities and their nation For more information about Kettering research and publications see the Kettering Foundation s website at www.kettering.org
