Community Of Citizens On The Modern Idea Of Nationality

Dominique Schnapper

Community Of Citizens On The Modern Idea Of Nationality:

Community of Citizens Dominique Schnapper, 2017-11-30 In this critically acclaimed work for which she was awarded the Prix de L'Assemblée Nationale in 1994 sociologist Dominique Schnapper offers a learned and concise antidote to contemporary assaults on the nation Schnapper's arguments on behalf of the modern nation represent at once a learned history of the national ideal a powerful rejoinder to its contemporary critics and a masterful essay in the sociological tradition of Ernest Renan Alexis de Tocqueville Emile Durkheim and Raymond Aron If Schnapper asserts the fate of liberal democracy is coterminous with that of the national ideal then the nation's fate and the answer to this question must be of pressing interest to us all Reflecting deeply on both the nation's past and future Schnapper places her hopes in what she terms the community of citizens No mere exercise in sociological abstraction Schnapper's case for the nation also entails a practical political objective In a time of radical difference the national ideal may be the last great social unifier This book deserves a place alongside the works of Elie Kedourie Ernest Gellner Anthony Smith and other classics in the study of nationalism and nationality This work will be of interest to sociologists historians and political scientists alike *Immigration and*

Membership Politics in Western Europe Sara Wallace Goodman, 2014-10-16 This book examines why Western European states have recently introduced citizenship tests integration courses contracts and oath ceremonies These requirements are perceived as instruments of civic integration to enable immigrants to be better participants in society and the labor market However are all states introducing these requirements for the same reason **A Philosophy of Nationhood and the**

Modern Self Michal Rozynek, 2017-03-23 This book delves into the philosophical presuppositions of modern political agency Michal Rozynek explores the place of nationalism in an increasingly cosmopolitan world by approaching the fundamental questions of modern subjectivity from a new angle Taking as a starting point the transformations of the modern self this volume argues that the project of modernity leads to an unresolvable tension within the self one which seemingly jeopardizes our ability to participate in a public world Rozynek goes on to show how nationhood can offer a resolution to this tension building on the pioneering work of Liah Greenfeld Far from being a defense of tribalism this book attempts to tackle both the questions of national solidarity and cosmopolitan duties by problematizing the account of nationalism in contemporary political theory and advocating a revised model of universalism **Is There Still a West?** William Anthony Hay, Harvey

Sicherman, 2007 Scholarly essay collection that considers whether the West is still a major force in international affairs or whether we face a new world of competing states and shifting alliances In proposing possible counterterrorism strategies to define a shared Western security policy they offer an alternative to neoconservative and liberal viewpoints Provided by publisher Providential Democracy Dominique Schnapper, 2006-01-01 Democracy posits the universality of the equality principle a community of citizens is governed by the principle of the formal equality of all individuals whatever their real social cultural or other inequalities Democratization on the other hand is motivated by the ambition of ensuring the real

equality of citizens and not simply their formal equality The dynamics of democracy are thus insured by the development of a welfare state that increasingly intervenes in order to satisfy the social and economic needs of individuals Especially focused on France yet informed by the experiences of other European countries this book examines the dilemmas of the search for equality in society and politics Democratization guarantees the rights of salaried workers and employees the rights to material survival and housing as well as health care education and culture Today however as Schnapper observes its action has become paradoxical As the fruit of a praiseworthy concern to ensure the universality of rights what Schnapper identifies as a Providence State now aims by means of positive discrimination and other specific promotion policies to defend the particular rights of certain categories of individuals The action of the Providence State thus nourishes an aspiration that the identities of historical collectivities gathered within the same national society be publicly recognized and that these have rights Equity thus supplants equality and multiculturalism universality Such is the ordeal currently experienced by Western democracies which are faced with the increasingly providential nature of their societies Indeed the author asks how can a united political Europe be constructed on the ideals and institutions of citizenship when European nations are becoming providential democracies Providential Democracy offers a searching and timely critique of democratization that will be of interest to sociologists political scientists and historians Dominique Schnapper is professor at the cole des Hautes tudes en Sciences Sociales and a member of the French Constitutional Council Among her seventeen books are Community of Citizens On the Modern Idea of Nationality available from Transaction The France of Integration and A Europe of Immigrants John Taylor is the author of four collections of stories and short prose and Paths to Contemporary French Literature available from Transaction

Race and Nation Paul Spickard, 2005-07-08 Race and Nation is the first book to compare the racial and ethnic systems that have developed around the world It is the creation of nineteen scholars who are experts on locations as far flung as China Jamaica Eritrea Brazil Germany Punjab and South Africa The contributing historians sociologists anthropologists political scientists and scholars of literary and cultural studies have engaged in an ongoing conversation honing a common set of questions that dig to the heart of racial and ethnic groups and systems Guided by those questions they have created the first book that explores the similarities differences and the relationships among the ways that race and ethnicity have worked in the modern world In so doing they have created a model for how to write world history that is detailed in its expertise yet also manages broad comparisons

U.C. Davis Law Review University of California, Davis. School of Law, 2006

Immigration and Asylum Matthew J. Gibney, Randall Hansen, 2005-06-21 A comprehensive and timely examination of the history and current status of immigrants and refugees their stories the events that led to their movement and the place of these movements in contemporary history and politics Immigration and Asylum From 1900 to the Present is an accessible and up to date introduction to the key concepts terms personalities and real world issues associated with the surge of immigration from the beginning of the 20th century to the present It focuses on the United States but is

also the first encyclopedic work on the subject that reflects a truly global perspective With contributions from the world's foremost authorities on the subject *Immigration and Asylum* offers nearly 200 entries organized around four themes: immigration and asylum, the major migrating groups around the world, expulsions and other forced population movements, and the politics of migration In addition to basic entries, the work includes in-depth essays on important trends, events, and current conditions There is no better resource for exploring just how profoundly the voluntary and forced movement of asylum seekers and refugees has transformed the world and what that transformation means to us today Nearly 200 A-Z entries on immigration and asylum around the world 150 contributors including leading immigration scholars from around the globe such as Nathan Glazer, Saskia Sassen, Ari Zolberg, James Hollifield, Desmond King, and Stephen Castles A separate volume of primary source documents including legislation, treaties, speeches, and United Nations documents A chronology of major movements of migrants and asylum seekers

Book Review Digest, 2001

Modern Regulations and Practices for Social and Environmental Accounting Eugénio, Teresa, Azevedo, Graça, Fialho, Ana, 2022-04-08 There has been an increased interest in social and environmental issues in recent years as more consideration is given to the idea of sustainability and social accounting Social accounting can be considered a straightforward manifestation of corporate enforcement to legitimize, explain, and justify the organization's activities or an ethically desirable component of any well-functioning democracy Social accounting can also include environmental accounting which is focused on environmental issues Additional study is required to better understand the relevancy of social and environmental accounting in today's modern business world *Modern Regulations and Practices for Social and Environmental Accounting* discusses social and environmental accounting and considers regulations, norms, organizational practices, and the challenges of education Covering a range of topics such as non-financial reporting and corporate social responsibility, this reference work is ideal for industry professionals, researchers, academicians, managers, practitioners, instructors, and students

RSA Journal Royal Society of Arts (Great Britain), 2003

Sociological Abstracts, 2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1,800 serials, publications, and also provides abstracts of books, book chapters, dissertations, and conference papers

EU Law of the Overseas Dimitry Kochenov, 2011-01-01 Millions of British, Dutch, French, Danish, Spanish, and Portuguese nationals permanently reside in the overseas parts of their Member States These people, like the companies registered in such territories, often find it virtually impossible to determine what law applies when legal decisions are required Although Article 52(1) of the EU Treaty clearly states that EU law applies in the territory of all the Member States, most Member State territories lying outside of Europe provide examples of legal arrangements deviating from this rule This book, for the first time in English, gathers these deviations into a complex system of rules that the editor calls the EU law of the Overseas Member States territories lying far

away from the European continent either do not fall within the scope of EU law entirely or are subject to EU law with serious derogations. A huge gap thus exists between the application of EU law in Europe and in the overseas parts of the Member States which has not been explored in the English language literature until now. This collection of essays sets out to correct this by examining the principles of Union law applicable to such territories placing them in the general context of the development of European integration. Among the key legal issues discussed are the following: internal market outside of Europe; the protection of minority cultures; EU citizenship in the overseas countries and territories of the EU; Article 349 TFEU as a source of derogations; The implications of Part IV TFEU for the overseas; *acquis*; participatory methods of reappraisal of the relationship between the EU and the overseas; implications for the formation of strategic alliances; voting in European elections; what matters may be referred by courts and tribunals in overseas countries and territories; application of the *acquis* to the parts of the Member States not controlled by the government or excluded from *ratione loci* of EU law; interplay of the Treaty provisions and secondary legislation in the overseas; customs union; wholly internal situations; free movement of capital and direct investments in companies; the euro area outside of Europe; duty of loyal cooperation in the domain of EU external action; territorial application of EU criminal law and territorial application of human rights treaties. Twenty two leading experts bring their well informed perspectives to this under researched but important subject in which although rules abound and every opportunity to introduce clarity into the picture seems to be present the situation is far from clear. The book will be welcomed by serious scholars of European Union law and by public international lawyers as well as by policy makers and legal practitioners.

The Evolving Concept of Community Citizenship: From the Free Movement of Persons to Union Citizenship Siofra O'Leary, 1996. This book is based on the doctoral thesis which the author prepared and defended at the European University Institute in Florence. Following the adoption of the Treaty on European Union the concept of Community or Union citizenship has been the subject of widespread academic and political debate. Part I of this book provides a framework within which to examine the concept of Community or Union citizenship. It distinguishes nationality and citizenship, discusses the importance of Member State nationality for both free movement of persons in the European Community and Union citizenship and finally examines the traditional requirement in Community law of involvement in an economic activity. Part II focuses on the relationship between the principle of equal treatment and Union citizenship given the fact that many of the rights conferred on Union citizens are simply extended to them on the basis of the principle of equal treatment. Finally Part III looks beyond equal treatment and questions whether a direct relationship can be said to exist between Union citizens and the Union. It also suggests some of the issues relevant to citizenship which may feature at the forthcoming Intergovernmental Conference in 1996. The overall objective of the book is to discuss whether citizenship is an appropriate description of the rights which Union citizens enjoy on the basis of Community law or the duties to which they may become subject.

A History of Philosophy: Modern philosophy Johann Eduard Erdmann, 1897 *The*

Hungarian Quarterly, 1996 **The Parliamentary Debates (Hansard)**. Great Britain. Parliament. House of Lords, 1975

The Dilemma of Recognition Carla Schraml, 2012-06-08 How can the salience of ethnicity in Rwandan and Burundian politics be overcome How can this salience be approached analytically And why exactly is it that it is potentially conflict prone This book gives answers to these questions on the basis of what Rwandan and Burundian interviewees expressed as taken for granted and real In particular it focuses on different political institutional models and how they help to overcome an ethnic interpretation of political and social exclusion Despite the diverging institutional approaches to dealing with ethnic cleavages the qualitative analysis shows that political and social exclusion in particular the distribution of power are interpreted in ethnic terms in both countries Focusing on notions taken for granted by Rwandan and Burundian interviewees the book demonstrates how deeply intertwined ethnicity and politics are in Rwanda and Burundi today New Hungarian Quarterly, 1996 **Parliamentary Debates (Hansard)** Great Britain. Parliament. House of Commons, Contains the 4th session of the 28th Parliament through the session of the Parliament

Reviewing **Community Of Citizens On The Modern Idea Of Nationality**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Community Of Citizens On The Modern Idea Of Nationality Introduction

In the digital age, access to information has become easier than ever before. The ability to download Community Of Citizens On The Modern Idea Of Nationality has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Community Of Citizens On The Modern Idea Of Nationality has opened up a world of possibilities. Downloading Community Of Citizens On The Modern Idea Of Nationality provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Community Of Citizens On The Modern Idea Of Nationality has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Community Of Citizens On The Modern Idea Of Nationality. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Community Of Citizens On The Modern Idea Of Nationality. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Community Of Citizens On The Modern Idea Of Nationality, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Community Of Citizens On The Modern Idea Of Nationality has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Community Of Citizens On The Modern Idea Of Nationality Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Community Of Citizens On The Modern Idea Of Nationality is one of the best book in our library for free trial. We provide copy of Community Of Citizens On The Modern Idea Of Nationality in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Community Of Citizens On The Modern Idea Of Nationality. Where to download Community Of Citizens On The Modern Idea Of Nationality online for free? Are you looking for Community Of Citizens On The Modern Idea Of Nationality PDF? This is definitely going to save you time and cash in something you should think about.
