United States. Department of State. External Research Division,1962 *External Research List* ,1962 **Subordination
or Empowerment?** Richard A. Keiser,1997-09-18 Why have Blacks won political empowerment in some cities and in others
remained subordinated or had their achievements rolled back Why do some cities have many Black leaders with multi racial
appeal while other cities have none Subordination or Empowerment answers these questions through detailed historical
examinations of the Black struggle for political power in Chicago Gary Philadelphia and Atlanta Keiser argues that electoral
competition among White factions has created opportunities for Black leaders to win genuine political empowerment and
avoid subordination When electoral competition among Whites does not exist Black votes lose their electoral leverage leading
to the rise of extra electoral strategies Keiser s dynamic theory of leadership formation explains the current appeal of Black
separatism and messianism at the local and national levels and the consequent rise of leaders such as Louis Farakhan and
offers a rejoinder to Cornel West s critique of Black leadership in Race Matters **Dictionary Catalog of the Research
