Community Work In Canada:

Working Women in Canada Leslie Nichols, 2019-08-23 In this edited collection Leslie Nichols weaves together the contributions of accomplished and diverse scholars to offer an expansive and critical analysis of women's work in Canada. Students will use an intersectional approach to explore issues of gender, class, race, immigrant status, disability, sexual orientation, Indigeneity, age, and ethnicity in relation to employment. Drawing from case studies and extensive research, the text's eighteen chapters consider Canadian industries across a broad spectrum including political, academic, sport, sex trade, retail, and entrepreneurial work. *Working Women in Canada* is a relevant and in-depth look into the past, present, and future of women's responsibilities and professions in Canada. Undergraduate and graduate students in gender studies, labour studies, and sociology courses will benefit from this thorough and intersectional approach to the study of women's labour. *An Introduction to Social Work Practice in Canada* Shankar A. Responding to Youth Crime in Canada Anthony N. Doob, Carla Cesaroni, 2004-01-01 The authors describe what is known about Canadian youth crime and the operation of the youth justice system in the context of the changes in the law that are taking place. The authors posit that the youth justice system has a relatively modest impact on youth crime. In order to respond intelligently to it and to evaluate the response of the state, two sets of information must be understood. First, society must try to understand what youth crime looks like in Canada. Second, in order to understand and evaluate the changes that are being made in youth justice legislation in Canada, a clear understanding of the manner in which the youth justice system currently operates is necessary.
