Community And The Soul Of Ireland:

The Great Community David Dwan, 2008 *The Early Years of Ireland in the European Economic Community* Aoife Keogh, 2025-09-30 Ireland's accession to the European Economic Community EEC in 1973 provided great opportunities as well as significant challenges to its relatively small civil service. This book traces Ireland's internal adaptation to managing membership. The long wait for accession to the EEC had instigated administrative and management patterns during negotiations which were difficult for Ireland to untangle and alter afterwards. There was friction between departments on how to approach relations with the EEC in some policy areas after membership. At times this effectively slowed and even hampered Ireland's adaptation to membership. At the same time the EEC provided an important new frame of reference for Irish society. Discussions on social progress drew from that wider context and challenged Ireland in new ways. This volume explores this development through an analysis of empirical files from the National Archives of Ireland and the Historical Archives of the European Union, newspapers and secondary sources. This book is intended for scholars and students of Irish history, European Studies, political science, diplomatic studies and administrative history.

Community and the Soul of Ireland Harry Bohan, Frank J. Shouldice, 2002. Fr. Harry Bohan, Director of the Ceifin Institute, is recognised as one of the leading social critics in Ireland today. An innovative and original thinker, Fr. Bohan argues that the economic success of recent years, while obviously welcome in many ways, is a double-edged sword. **Music and Identity in Ireland and Beyond** Mark Fitzgerald, John O'Flynn, 2016-04-29. *Music and Identity in Ireland and Beyond* represents the first interdisciplinary volume of chapters on an intricate cultural field that can be experienced and interpreted in manifold ways, whether in Ireland, The Republic of Ireland, and/or Northern Ireland, among its diaspora or further afield. While each contributor addresses particular themes viewed from discrete perspectives, collectively the book contemplates whether music in Ireland can be regarded as one interrelated plane of cultural and/or national identity, given the various conceptions and contexts of both Ireland, geographical, political, diasporic, mythical, and Music, including a proliferation of practices and genres that give rise to multiple sites of identification. Arranged in the relatively distinct yet interweaving parts of Historical Perspectives, Recent and Contemporary Production, and Cultural Explorations, its various chapters act to juxtapose the socio-historical distinctions between the major style categories most typically associated with music in Ireland: traditional, classical, and popular, and to explore a range of dialectical relationships between these musical styles in matters pertaining to national and cultural identity. The book includes a number of chapters that examine various movements and moments of traditional music revival from the late eighteenth century to the present day, as well as chapters that tease out various issues of national identity pertaining to individual composers, performers, art music, popular music, and their audiences. Many chapters in the volume consider mediating influences: infrastructural, technological, political, and/or social categories: class, gender, religion, ethnicity, race, age, in the interpretation of music production and consumption. Performers and composers discussed include U2, Raymond Deane, Afro Celt Sound System.

E J Moeran S amus Ennis Kevin O Connell Stiff Little Fingers Frederick May Arnold Friendship and Community Brian Patrick McGuire,2010 I assume that historical sources can convey human feeling even though it is fruitless to psychologize individual friends or to reach complete explanations about their motives I simply accept that because medieval Christians believed in friendship and felt the need for it some of them both practiced and lived out friendships from the new Introduction Human beings have always formed personal friendships Some cultures have left behind the evidence of philosophical discussion some have provided only private or semipublic letters By comparing these one discerns the effect exercised by the society in which the writers lived its opportunities and its restrictions The cloistered monks of medieval Europe who have bequeathed a rich literary legacy on the subject have always had to take into account the overwhelming fact of community Brian Patrick McGuire finds that in seeking friends and friendship medieval men and women sought self knowledge the enjoyment of life the commitment of community and the experience of God First published in 1988 Friendship and Community has been widely debated inspiring the current interest among medievalists in the subject of friendship It has also informed other fields within medieval history including monasticism spirituality psychology and the relationship between self and community In a new introduction to the Cornell edition McGuire surveys the critical reaction to the original edition and subsequent research on the subject of medieval friendship **Class and Community in Provincial Ireland,**

1851-1914 Brian Casey,2018-04-26 This book explores the experience of small farmers labourers and graziers in provincial Ireland from the immediacy of the Famine until the eve of World War One During this period of immense social and political change they came to grips with the processes of modernisation By focusing upon east Galway it argues that they were not an inarticulate mass but rather they were sophisticated and politically aware in their own right This study relies upon a wide array of sources which have been utilised to give as authentic a voice to the lower classes as possible Their experiences have been largely unrecorded and this book redresses this imbalance in historiography while adding a new nuanced understanding of the complexities of class relations in provincial Ireland This book argues that the actions of the rural working class and nationalists has not been fully understood supporting E P Thompson s argument that their aspirations were valid in terms of their own experiences **Ireland** Ireland.
