Healing the Reason-Emotion Split Daniel S. Levine, 2020-12-29 Healing the Reason Emotion Split draws on research from experimental psychology and neuroscience to dispel the myth that reason should be heralded above emotion Arguing that reason and emotion mutually benefit our decision making abilities the book explores the idea that understanding this relationship could have long term advantages for our management of society s biggest problems Levine reviews how reason and emotion operated in historical movements such as the Enlightenment Romanticism and 1960s counterculture to conclude that a successful society would restore human connection and foster compassion in economics and politics by equally utilizing reason and emotion Integrating discussion on classic and contemporary neurological studies and using allegory the book lays out the potential for societal change through compassion and would be of interest to psychologists concerned with social implications of their fields philosophy students social activists and religious leaders The Open Access version of this book available at <http://www.taylorfrancis.com> has been

George David Miller,2021-11-22 This book introduces readers to the Buddhist based philosophy of education of Daisaku Ikeda Ikeda s philosophy of education offers human revolution value creation and dialogue as counterweights to the violence lurking in today s classrooms Where education becomes wisdom based it transforms learners into keen assessors of their inner lives and establishes a foundation for global citizenship      The Compassionate Rebel Revolution Burt Berlowe,Rebecca Janke,2019-05-21 This revised edition of the second volume in the award winning Compassionate Rebel series features the inspiring ground breaking stories of 60 ordinary people from around the globe who have turned adversity into triumph compassion into commitment and anger into activism with extraordinary acts of caring and courage that are positively transforming our politics culture and way of life Using vivid easily readable storytelling this updated anthology is especially relevant in these troubled times It describes how an historic people powered movement has been increasingly reaching across geographical generational and social and cultural boundaries to build a more just peaceful and compassionate society that works for everyone Along with a student driven teacher s guide and compelling video interviews these previously untold stories make a vital contribution to research on social movements oral histories the power of storytelling conflict resolution peace and justice studies peace literacy education social science and human behavior The collection is ideal for librarians middle and high school educators college professors social scientists psychologists social workers book clubs and any individual group or organization anxious to unleash the power and beauty of the compassionate rebel that lives in all of us and to contribute to the massive revolution that is positively changing our world      *A Call to Compassion* Aura Glaser,2005-01-26 Aura Glaser wrote this book to remedy a deficiency she discovered while engaged in psychological research a nearly complete omission of the importance and cultivation of compassion Other books exploring Buddhism and psychology have focused on what the Theravada school of Buddhism which teaches personal liberation through enlightenment can offer psychology A Call to Compassion works with Mahayana Buddhism in which practitioners commit to the liberation of all sentient beings with compassion central to attaining that goal In her fascinating and exceptionally clear and concise review of the work of Freud Jung and others Glaser shows how psychology has been ambivalent about the subject of compassion and therefore has developed no methodology for helping individuals cultivate this essential quality in the service of helping others Glaser introduces as a remedy the Buddhist practice of the lojong expressed in the text of The Seven Points of Mind Training for developing love and compassion With modern day life examples she illustrates the four major points compassion for self compassion for others exchanging self and others and no self and no other affirming that these points are indeed attainable If we make the effort to contemplate understand and truly integrate these four essentials we will have a sound basis for both psychological health and genuine transformation DIV      **Chain Reaction** Darrell Scott,Steve Rabey,2001-04-01 Rachel Scott and her killer Eric Harris both talked about starting a chain reaction Eric used

violence to kill and destroy at Columbine High School But Rachel chose another path In a personal creed she wrote one month before her death in the Columbine tragedy she explained her conviction that if one person goes out of his or her way to show compassion it will start a world changing chain reaction of kindness For Rachel this was a solemn calling And now her father Darrell Scott is carrying on her crusade by challenging people of all ages to commit themselves to creating a revolution of compassion that can make a real difference in our troubled world Chain Reaction spells out this challenge in compelling detail providing moving examples of practical compassion and giving illustrations from Rachel s life and journals

**Reports and Symposiums** ,1971      **Private Planet** David Cromwell,2001 Climate scientist and green activist David Cromwell examines how and why the forces of globalization are opposing ecological sustainability human rights and social justice and draws on examples from around the world to show what we can do to reverse the process He makes the point that centralized state and corporate power is vulnerable to significant grassroots awareness and activism This book s solutions offer ample cause for hope and cautious optimism      **Caribbean Review** ,1985      *The Compassionate Revolution* David Edwards,1998 The Compassionate Revolution shows how our capitalist system is dependent on the promotion of the three Buddhist Poisons of Greed Hatred and Ignorance greed for profit at any human cost hatred of foreign obstacles to profit and ignorance of the cosy link between Western corporations and Third World dictators In his first book Free to be Human David Edwards showed how the mass media controlled by powerful business interests distort our understanding of many personal ethical and spiritual issues The Compassionate Revolution builds on this argument showing how we are kept passive conformist uninformed and willing to accept the irrational values of corporate consumerism      **The Literary Digest** ,1922
