Social Relations in a Philippine Market William G. Davis, 1973-01-01 **Archbishops and Cathedral Chapters of the Colonial Philippines** Alexandre Coello de la Rosa, 2025-08-26 This volume analyzes the religious history of the early modern Philippines. It examines the unstable authority of its archbishops and the preeminence of the Manila cathedral chapters in the second half of the seventeenth century. In particular, it considers these phenomena during the various convoluted periods of vacant sees, paying special attention to the dynamics of promotions within these collegiate bodies.

Songs and Gifts at the Frontier Jose S. Buenconsejo, 2013-11-26 This book investigates the particular history and social experience by a marginalized society in Mindanao Island, Philippines, through an analysis of the speech, song, and dance in spirit possession ritual. Divided between uplander and lowlander, rich and poor, Christian and Muslim, between those of one ethnic, linguistic, and geographic region and those of another, the nation is a complex mosaic formed by conflicting forces of consensus and national identity and of division and instability. It is not possible to comprehend the many changes in the Philippines, such as the rise and fall of Ferdinand Marcos or the revolution that toppled him, without an awareness of the religious, cultural, and economic forces that have shaped the history of these islands. These forces formed the focus of the first edition of *The Philippines*. Of that 1982 edition, the late Benigno Aquino Jr. noted that anyone wanting to understand the Philippines and the Filipinos today must include this book in his must-reading list. The fourth edition has been updated through the final years of the Ramos presidency and contains a new section on the impact of President Estrada.

Philanthropy in Communities of Color Bradford Smith, Sylvia Shue, Jennifer Lisa Vest, Joseph Villarreal, 1999-03-22 Philanthropy is often associated with wealthy people giving large amounts of money to charitable organizations and indirectly to people they don't personally know. Ethnic philanthropy is almost totally different; it consists primarily of people sharing modest wealth with other people, most of whom the givers know well. Too often, communities of color are portrayed as takers rather than givers. This important study debunks that myth. **UCLA Historical Journal**, 1991 **Philippine Quarterly of Culture and Society**, 1981 *Asian American History and Culture: An Encyclopedia* Huping Ling, Allan W.
