## **Companion Guide To Berlin:**

The Companion Guide to Berlin Brian Ladd, 2004 Berlin's traumatic past and vibrant present explored and explained in a guide to the culture buildings and society of the city Most people do not think of Berlin as a beautiful city but it is filled with stunning sights sounds and textures all the more astonishing when the stories behind them are revealed Today's Berlin is new and vibrant but history has left its scars A look in the right place is rewarded with glimpses of the glories of old Prussia as well as the abominations of Hitler's Third Reich and of the outer bulwark of the Soviet empire Brian Ladd a historian who has been returning to Berlin for twenty five years pays homage to the familiar landmarks but he also penetrates into obscure corners of the city and brings them alive with his shrewd and informed comment He explains what the sights of Berlin have meant to Berliners who coped under kings and dictators and who toiled suffered and celebrated as their city was destroyed and rebuilt This book invites you to share their passions as it draws you into the dynamic new capital that has risen from wreckage of post war German history BRIAN LADD is at the State University of New York at Albany He has been a constant visitor to Berlin over a quarter of a century **BERLIN COMPANION GUIDE 2025/2026** LEAH. *The Ghosts of Berlin* Brian Ladd,2008-04-15 In this compelling work Brian Ladd examines the ongoing conflicts radiating from the remarkable fusion of architecture history and national identity in Berlin Ladd surveys the urban landscape excavating its ruins contemplating its buildings and memorials and carefully deconstructing the public debates and political controversies emerging from its past Written in a clear and elegant style *The Ghosts of Berlin* is not just another colorless architectural history of the German capital Mr Ladd s book is a superb guide to this process of urban self definition both past and present Katharina Thote Wall Street Journal If a book can have the power to change a public debate then *The Ghosts of Berlin* is such a book Among the many new books about Berlin that I have read Brian Ladd s is certainly the most impressive Ladd s approach also owes its success to the fact that he is a good storyteller His history of Berlin s architectural successes and failures reads entertainingly like a detective novel Peter Schneider New Republic Ladd s well written and well illustrated book amounts to a brief history of the city as well as a guide to its landscape Anthony Grafton New York Review of Books

**Objects as History in Twentieth-century German Art** Peter Chametzky,2010 This book provides an overview of twentieth century German art focusing on some of the period s key works In Peter Chametzky s innovative approach these works become representatives rather than representations of twentieth century history Chametzky draws on both scholarly and popular sources to demonstrate how the works and in some cases the artists themselves interacted with and even enacted historical events processes and ideas book jacket
