Montague,1989-01-01 Lutheran Companion ,1907 What Happened on the Cross Nick Peros,2020-08-07 What Happened on the Cross offers a new and biblical understanding of how salvation was accomplished upon the cross showing that the Penal Substitution view common since the 1500s does not have a biblical basis and also showing that the Christus Victor understanding is inadequate The book is founded upon the understanding that Jesus Christ is the Second Adam and that is the foundation of how we are to understand how salvation was accomplished Both the shedding of blood and death were essential in the accomplishment of salvation and What Happened on the Cross shows why these were essential Using over 740 Scripture verses to make its argument the book gives a comprehensive picture from Genesis to Revelation of the many aspects involved in the accomplishment of salvation above all showing clearly that the cross had nothing to do with punishment for sins our sins were never punished upon the cross rather our sins were forgiven Understanding how salvation was accomplished upon the cross and that it was about forgiveness not punishment

wrong on the authority of the Church For many others such teaching contradicts what they know to be the obvious truth In this book Gareth Moore closely and dispassionately examines the bases of Christian anti gay arguments Moore critically explores the language that we use to describe and define human sexuality and what this means for what we think we know about sex identity and morality At the centre of this work is a thorough and revolutionary analysis of the Bible on homosexuality posing such questions as Is there a unified biblical teaching on sex or homosexuality Are we misreading the Bible by applying modern thinking and terms Must Christians accept Paul's supposed rejection of homosexuality when they do not follow all of his teaching for example his low estimation of marriage 1 Cor 7 For Moore the criticism that gay practice is remote from Christian values is just as true of straight life Gay Christians are often responsible and thoughtful moral agents and to propose otherwise is both unreasonable and deeply disrespectful It is a precondition of being heard that we listen and in the end the gospel can only be preached effectively by those who listen Christian Meditation in Clinical
